Gentlemen,  
 Attached is the spreadsheet with mechanical detail for the 170 wells in the area of review. Hopefully, this will provide the means to sort the data anyway you want and print it out at any size you want. Please call (918) 491-4972 with any other information you need on this subject.

I will start working on the other items list below tomorrow.

Thank you in advance for your attention to this matter,

Kevin Mayes

Kevin: We need:

- (1) Spreadsheets e-mailed to examiners Warnell and Ezeanyim. Their addresses are [richard.ezeanyim@state.nm.us](mailto:richard.ezeanyim@state.nm.us) and [terry.warnell@state.nm.us](mailto:terry.warnell@state.nm.us). Copy me.
- (2) Schematics of injection wells.
- (3) Top of cement calculations. I think this is only necessary where there is no other evidence.
- (4) Water analysis. One well should do.

Jim
