Case 8037

Dear Mr. Ramey:

Oil Conservation Commission Order No. R-6275-A approved the unorthodox location of the Texaco Inc. C. A. Loomis Federal Well No. 1 at a point 1600 feet from the North line and 660 feet from the West line of Section 5, Township 21 South, Range 32 East, NMPM, South Salt Lake-Morrow Gas Pool, Lea County, New Mexico.

Subsequent to said order, Bass Enterprises Production Company became operator of the well, and has produced the well to depletion in the Morrow zone.

The well has now been recompleted in the South Salt Lake-Atoka Gas Pool, and we would respectfully request that a hearing be set on the first available docket to consider the amendment of Order No. R-6275-A to approve the aforesaid unorthodox location in the Atoka formation. The N/2 of Section 5 is dedicated to the well.

Very truly yours
