RE: Application of Dome Petroleum Corporation  
for Salt Water Disposal, San Juan County,  
Case No. 78-77

Dear Mr. Stamets:

As requested in today's hearing, enclosed is the completion report for the Santa Fe 20-2. The report under date of August 4, 1979 contains information relating to the fracture of the Morrison Formation which was testified to by Mr. Lubbie Jenkins at the hearing. I understand that if additional information relating to this event is in the company's files in Denver, it will be forwarded to you very shortly through this office.

Sincerely,

  
KENNETH BATEMAN

KB/y
