CASE NO. 2895

APPLICATION

COMES NOW TXO Production Corp., by its attorneys, and
in support hereof, respectfully states:

1. Applicant is the operator of the Bough "C" Penn
formation, underlying:

Township 10 South, Range 34 East, N.M.P.M.

Section 17: W/2 NE/4, E/2 NW/4

Division and the special pool rules in effect, Vada Penn Pool,
Lea County, New Mexico, to permit the drilling of the well at the

3. A non-standard 160-acre oil proration unit comprising the W/2 NE/4, E/2 NW/4 of said Section 17 should be dedicated to such well.

4. The approval of this application will afford applicant the opportunity to produce its just and equitable share, will prevent economic loss caused by the drilling of unnecessary wells, avoid the augmentation of risk arising from the drilling of an excessive number of wells, and will otherwise prevent waste and prevent correlative rights.

WHEREFORE, applicant prays:

A. That this application be set for hearing before an examiner and that notice of said hearing be given as required by law.

B. That upon hearing the Division enter its order granting applicant permission to drill its Vada State "17" No. 1 Well at a point 660 feet from the north line and 2,615 feet from the west line of said Section 17, and to dedicate the W/2 NE/4, E/2 NW/4 of Section 17.
