

THE OIL CONSERVATION COMMISSION

CASE NO. 14001 & 14002

EXHIBIT

6

August 29, 2007

To: Working Interest Owners

Re: Proposed Quail Queen Unit
Covering well interests (840 acres) in parts of
Sections 11, 13 & 14, T19S-R34E
Lea County, New Mexico

Dear Working Interest Owner:

Chesapeake Exploration, L.L.C., (Chesapeake) is the operator of a majority of the active leases in the Quail Field in Lea County, New Mexico. As an experienced waterflood operator, currently operating 11 waterflood units in five states, including four in New Mexico, Chesapeake is proposing the formation of the Quail Queen Unit for implementing a secondary recovery project, with Chesapeake as operator.

Acreage in which you have a working interest is located within the proposed unit boundary. The Unit Agreement and Unit Operating Agreement are enclosed for your perusal and notification. Exhibit A of the Unit Agreement reflects a map, outlining the unit boundary, along with the proposed tracts. Exhibit B, identifies your working interest in each tract. Exhibit C lists the tract participations. Exhibit D of the Unit Operating Agreement lists your interest in the proposed unit. All interests are subject to title verification.

It is Chesapeake's proposal to waterflood the Queen "B" & "C" Formation the proposed unitized interval being 5,033' - 5,394'.

Chesapeake anticipates the unit to perform similarly to nearby analogous waterfloods in the area with a secondary-to-primary ratio of .9 to 1. Should performance prove that expectation reasonable, the proposed unit may produce an additional seven hundred thousand (700,000) barrels of secondary oil.

Total development costs required to complete secondary operations are estimated to be \$5,000,000.

A successful waterflood injection program requires the cooperation and approval of the various working interest owners. We urge you to review the enclosed information and, if you have any questions concerning the implementation and development of this unit, contact Greg Adams, Senior Reservoir Engineer, in Oklahoma City, (405) 767-4398.

Chesapeake has put together an aggressive schedule for unitization. Plans are to make Application to the New Mexico Oil Conservation Division in September, 2007 with a hearing set for October, 2007 asking for a unit effective date of December 1, 2007. Please sign and return the extra pages of the following in the self-addressed envelope as soon as possible.

- Signature page to both Unit Agreement and Unit Operating Agreement (Ratification and Joinder of Unit Agreement and Unit Operating Agreement) Please execute four copies and acknowledge.
- Election Ballot - Indicate your election choice, sign and return 1 copy.

Chesapeake actively pursues opportunities to increase our reserve base through the acquisition of oil and gas properties. Should you wish to sell or exchange your interest in the captioned property or other properties, please contact the undersigned at Chesapeake Exploration, L.L.C., P.O. Box 18496, Oklahoma City, OK 73154-0496, (405) 810-2727.

Best Regards,

Chesapeake Exploration, L.L.C.,

HOLLAND & HART LLP

Dear Mr. Carr:

This office has reviewed the unexecuted copy of unit agreement, which you have submitted on behalf of Chesapeake Exploration, for the proposed Quail Queen Unit, Lea County, New Mexico. This agreement meets the general requirements of the Commissioner of Public Lands and has this date granted you preliminary approval as to form and content.

Preliminary approval shall not be construed to mean final approval of this agreement in any way and will not extend any short-term leases, until final approval and an effective date have been given.

When submitting your agreement for final approval, please submit the following:

1. Application for final approval by the Commissioner setting forth the tracts that have been committed and the tracts that have not been committed.
2. All ratifications from the Lessees of Record and Working Interest Owners. All signatures should be acknowledged by a notary and one set must contain original signatures.
3. Order of the New Mexico Oil Conservation Division. Our approval will be conditioned upon subsequent favorable approval by the New Mexico Oil Conservation Division.
4. A copy of the Unit Operating Agreement.
5. A copy of your Initial Plan of Operation.
6. A re-designation of well names and numbers.
7. The filing fee for a unit agreement is \$30.00 dollars for every section of partial section thereof. Please submit a \$90 filing fee.
8. On Exhibit "B", on Tract No. 1A, NE/4NE/4 Sec. 14-19S-34E the correct lessee of record for Lease No. OG-1847-1 is Read & Stevens Inc.
9. On Exhibit "B", on Tract No. 1B, N/2NW/4 Sec. 14-19S-34E the correct lessee of record for Lease No. OG-1847-1 is Read and Stevens Inc.
