STATEMENT OF THE CASE

APPLICANT

OPPONENT

Pintail Production Company, Inc. does not object to unitization. However, it objects to the participation formula devised by the Division, in particular the increase of the pore volume factor in the formula from 10% to 40%. Pintail's well in the unit will have approximately 20% of EUR, but shows only 2.5% of pore volume under the formula. That is statistically invalid.
