BEFORE THE  
OIL CONSERVATION DIVISION  
NEW MEXICO DEPARTMENT OF ENERGY AND MINERALS

IN THE MATTER OF THE APPLICATION  
OF INEXCO OIL COMPANY FOR  
COMPULSORY POOLING, AND AN UNORTHODOX  
LOCATION, LEA COUNTY, NEW MEXICO.

Case \_\_\_\_\_

APPLICATION

Comes now, Inexco Oil Company, by and through its undersigned attorneys and, as provided by Section 70-2-17, New Mexico Statutes Annotated, 1978 Compilation, hereby makes application for an order pooling all of the mineral interests from the surface to the base of the Strawn formation under the W/2 SW/4 of Section 13, Township 17 South, Range 37 East, N.M.P.M., Lea County, New Mexico, for approval of an unorthodox well location and in support thereof would show the Division:

1. Applicant is the owner of 30.116468% of the working interest in and under the W/2 SW/4 of Section 13, and applicant has the right to drill thereon.
2. Applicant proposes to dedicate the above-referenced pooled unit to a Well to be drilled at an unorthodox location 1650 feet from the South line and 330 feet from the West line of said Section 13.

3. Applicant has sought and obtained either voluntary agreement for pooling or farm-out from all other working interest owners in the W/2 SW/4 of said Section 13 except those interest owners set out on Exhibit A attached to this application.

4. Said pooling of interest and well completion will avoid drilling of unnecessary wells, will prevent waste and will protect correlative rights.

5. In order to permit the applicant to obtain its just and fair share of the oil and gas underlying the subject lands, the mineral interest should be pooled, the unorthodox well location should be approved, and applicant should be designated the operator of the well to be drilled.

WHEREFORE, Applicant prays that this application be set for hearing before the Division's duly appointed examiner on May 11, 1983, and that after this notice and hearing as required by law, the Division enter its order pooling the lands, including provisions designating the applicant as operator of the well, providing for applicant to recover its costs of drilling, equipping and completing the well, its costs of supervision while drilling, and after completion, including overhead charges, and a risk factor for the risk assumed by the applicant in drilling, completing and equipping the well, and making such other and further provisions as may be proper in the premises.

Respectfully submitted,

CAMPBELL, BYRD AND BLACK, P.A.
