Attention: Accounting & Division Order Supervisors

Gentlemen:

Our firm is implementing new computerized recording procedures and it is imperative that we receive a standard payout status report on the above captioned well as soon as possible. A request was made for a current report on June 23rd of this year and to date none has been received. We request the full disclosure, standard style of GROSS INCOME vs ALL EXPENSES AND TAXES and not the individual interest owner style. As only this standard style allows for accuracy in backin procedures, we must have it to know when this well pays out....or did pay out, as we assume it has by now.

As we are under a time element by our accounting firm, we sincerely appreciate your immediate attention to this request and shall expect the payout status report within the next two weeks. Should there be a sincere problem with this time limit, your call on the matter will be appreciated, otherwise we will look for the report within that time schedule.

Sincerely,

FRED POOL DRILLING, INC.
