Case No. 14178: Mesquite seeks a revision of Order No. R-13043 removing the condition that Mesquite plug the Magnolia State No. 3, Pure State No. 6, and Exxon State Nos. 2 and 7 before injecting produced water into the Exxon State No. 8, located in Unit O of Section 15, Township 21 South, Range 27 East, NMPM Eddy County, approximately 7 miles north of Carlsbad. The NMOCD records show that the Magnolia State No. 3 and Pure State No. 6 have been plugged, and that the Exxon State Nos. 2 and 7 are active producing wells.
