Dear Mr. Fesmire:

San Juan Citizens Alliance respectfully requests a De Novo hearing on NMOCD Case #14329 concerning the determination made on the Anadarko Petroleum Corporation acid gas injection well, San Juan County, New Mexico. SJCA is a party of record on the case, having submitted timely comments on October 14, 2009. Despite being a party of record, we never received an order on the case from NMOCD. We believe that our comments made on October 14, 2009 were inadequately addressed by the order made on Case #14329 particularly due to the legitimate community concerns over hydrogen sulfide.

Please call me directly if there are questions or if clarification is needed. Thank you.

Sincerely,

s/Mike Eisenfeld
