STATEMENT OF CASE

APPLICANT

Cimarex Energy Co. seeks an order approving a non-standard spacing and proration unit (project area) in the Abo / Wolfcamp formation comprised of the N/2 N/2 of Section 20, Township 15 South, Range 31 East, NMPM, to form a non-standard 160-acre spacing and proration unit (project area), and pooling all mineral interests in the Abo/Wolfcamp formation underlying the non-standard unit. The unit is to be dedicated to the Valley Forge 20 State Com Well No. 4, a horizontal well to be drilled at a surface location 375 feet from the North and East lines with a terminus 375 feet from the North and West lines of Section 20. Also to be considered will be the costs of drilling and completion the well and the allocation of the costs thereof, as well as actual operating costs and charges for supervision, designation of Cimarex Energy Co. of Colorado as operator of the well, and a 200% charge for risk involved in drilling and completing the well.

OPPOSITION OF OTHER PARTY

Me-Tex Supply Co. will appear and present testimony in opposition to the application of Cimarex Energy Co. Me-Tex Supply Co. is the owner of working interest that is subject to this application. Me-Tex Supply Co. will show that Cimarex failed to engage in good faith negotiations for the voluntary commitment of the Me-Tex Supply Co. interests to the proposed well and therefore is not entitled to a pooling order under the Oil and Gas Act. Me-Tex Supply Co. will request that, if the lands are pooled, that (i) only the Abo / Wolfcamp formation be pooled, (ii) a risk penalty of no more than 100% be imposed on the pooled interests, (iii) the pooling order expire at the end of 90 days unless Cimarex has commenced the proposed well thereby preventing the use of the Division's rules to tie up the acreage of other owners where there is no immediate plan to drill, and (iv) reducing the AFE charges to a reasonable amount thereby assuring that the amount that owners subject to pooling must pay to avoid the risk penalty set by the order is not inflated.

PROPOSED EVIDENCE

OPPOSITION

<u>WITNESSES</u> (Name and expertise)	<u>EST. TIME</u>	<u>EXHIBITS</u>
Ash Roan (Landman)	Approx. 15 min.	Approx. 4

PROCEDURAL MATTERS

Me-Tex Supply Co.'s Motion to Dismiss and Request for Continuance are pending before the Division.

Respectfully Submitted:
