Mark E. Fesmire, Director NM Oil Conservation Division 1220 S. St. Francis Drive Santa Fe, NM 87505 Hand Delivered

Re:

NMOCD Case No. 14323; Application of Chesapeake Energy Corporation for Cancellation of a Permit to Drill (APD) Issued to COG Operating, LLC, Eddy

County, New Mexico; Order No. R-13154-A

Dear Mr. Fesmire:

The referenced order cancels the APD for COG Operating LLC's Blackhawk "11" Federal Well No. 1-H (API No. 30-015-36541) to be drilled horizontally within a non-standard unit and special project area comprising the S/2 S/2 of Section 11, T16S R28E. On behalf of COG, we respectfully request reinstatement of the APD for the reason that several of the findings in the order regarding COG's working interest control are based on error.

The premise of Order No. R-13154-A is that COG owns no interest in two of the 40-acre tracts dedicated to the proposed project area. As one example, paragraph 4(a) of the order finds that "COG owns working interests in the S/2 of the SE/4 of Section 11, but does not own any working interest in the S/2 SW/4 of Section 11." Paragraph 4(c) goes on to say "Oil and gas ownership within the project area has not been consolidated, either by voluntary agreement or by order of the Division." The underlying working interest ownership is not in dispute, but the order fails to account for the voluntary agreement of one of the working interest owners in the S/2 SW/4 to pool his interests in the unit. The record from the examiner hearing establishes that with the election to participate by a working interest owner (McDonald), COG owns or controls rights to drill in each of the 40-acre tracts included in the 160-acre non-standard unit and project area. This was undisputed. (See enclosed transcript of hearing excerpt; COG Ex. 5; and ownership

Mark E. Fesmire, Director September 23, 2009 Page 2

plat, COG Ex. 4.) Finding paragraph 12 of the order provides that the operator must have the approval of at least one owner of oil and gas rights in each tract to be included in the project area. COG has that.

Decretal paragraph 1 of Order No. R-13154-A provides for reinstatement of the APD in the event of a voluntary or compulsory pooling within the proposed project area. Reinstatement is warranted under these circumstances and the Division may wish to consider issuing a corrected order to conform with the evidence.

Very truly yours,

1. I we dull

J. Scott Hall

STATE OF NEW MEXICO ENERGY, MINERALS AND NATURAL RESOURCES DEPARTMENT OIL CONSERVATION DIVISION

IN THE MATTER OF THE HEARING CALLED BY THE OIL CONSERVATION DIVISION FOR THE PURPOSE OF CONSIDERING:

CASE NO. 14323 ORDER NO. R-13154-A

APPLICATION OF CHESAPEAKE ENERGY CORPORATION FOR CANCELLATION OF A PERMIT TO DRILL (APD) ISSUED TO COG OPERATING, LLC, EDDY COUNTY, NEW MEXICO.

ORDER OF THE DIVISION

BY THE DIVISION:

This case came on for hearing at 8:15 a.m. on August 20, 2009, at Santa Fe, New Mexico, before Examiner David K. Brooks.

NOW, on this 21st day of September, 2009, the Division Director, having considered the testimony, the record and the recommendations of the Examiner,

FINDS THAT:

- (1) Due notice has been given, and the Division has jurisdiction of the subject matter of this case.
- (2) Chesapeake Energy Corporation ("Applicant" or "Chesapeake") asks the Division to cancel its approval of an Application for Permit to Drill (APD) filed by COG Operating, LLC ("COG") for its proposed Blackhawk 11 Federal Com. Well No. 1 (API No. 30-015-36541) (the proposed well). The proposed well is to be a horizontal well in the Wolfcamp formation, with a surface location 430 feet from the South and West lines (Unit M) of Section 11, Township 16 South, Range 28 East, NMPM, in Eddy County, a point of penetration 426 feet from the South line and 621 feet from the West line (Unit M) of the same section, and a terminus 330 feet from the South and East lines (Unit P) of the same section.

- (3) COG plans to dedicate the proposed well to a 160-acre project area consisting of the S/2 S/2 of Section 11, and comprising four adjacent, standard 40-acre spacing and proration units.
- (4) Both Chesapeake and COG appeared at the hearing through counsel and presented testimony. The following facts are undisputed:
 - (a) COG owns working interests in the S/2 of the SE/4 of Section 11, but does not own any working interest in the S/2 SW/4 of Section 11. The only ownership interest that COG holds in the S/2 of the SW/4 of Section 11 is a contractual easement or license to use the surface of the SW/4 SW/4 for a well site and access.
 - (b) COG intends to complete the proposed well in the Wolfcamp formation in all four quarter-quarter sections of the project area, including the SW/4 SW/4 and SE/4 SW/4 of Section 11.
 - (c) Oil and gas ownership within the project area has not been consolidated, either by voluntary agreement or by order of the Division.
- (5) Chesapeake contends, and the Division concludes, that the Division's approval of the APD should be cancelled by reason of the undisputed facts set forth in Finding Paragraph (4).
- (6) Although the Division has no jurisdiction to determine ownership, this case requires no such determination, since ownership in undisputed. The sole question is whether the Division properly approved the APD in view of the undisputed fact that COG owns no oil and gas interest in portions of the area that the drill bit will penetrate.
- (7) This case is controlled by the decision of the Oil Conservation Commission ("the Commission") in Order No. R-12343-E, issued in consolidated Cases Nos. 13492 and 13493. In those cases, Chesapeake Operating Inc. obtained approval of an APD for, and proceeded to drill, a vertical Morrow well at a location where it owned no interest. Although it owned an interest in a portion of the 320-acre unit it sought to dedicate to the well, it had not, as COG has not in this case, obtained a voluntary agreement, or compulsory pooling order, consolidating ownership in the 320-acre unit.
- (8) In Order No. R-12343-E, the Commission, construing a previous order, stated:

"In Application of Pride Energy Company, etc. [Order No. R-12108-C], the Commission found that an operator could file an application for permit to drill before it filed a pooling application. It did not find that an operator could actually drill a well on acreage in which it had no interest before the Division or Commission decided a pooling application. [Order No. R-12343-E, Finding Paragraph 30, page 6. Emphasis added.]

- (9) In Finding Paragraph 33 of the same Order, the Commission admonished the Division to continue requiring that operators filing APDs certify that they have an ownership interest at the proposed location. The certification of ownership language counseled by the Commission in Order No. R-12343-E is the same language that appears on the form C-102 filed by COG with their APD in this case.
- (10) Although Order No. R-12343-E concerned, and the certification language it approved for APDs was drafted with reference to, a vertical well, the same concerns that evidently prompted the Commission's approval of this certification language apply equally to horizontal wells.
- (11) COG now has an approved APD which, under applicable Division rules, authorizes it to proceed at any time to drill the proposed well and complete it in all four of the units included in the proposed project area, even though it owns no interest in the oil and gas in two of those units. If COG were to do this prior to obtaining voluntary or compulsory pooling, it would undoubtedly constitute a trespass under applicable property law, and it would pre-empt the Division's authority to determine the configuration of any compulsory pooled unit by confronting the Division with a fait accompli.
- (12) COG's ownership of an easement or license authorizing its use of the surface location of the proposed well does not distinguish this case from the case decided in Order No. R-12343-E because a surface easement or license does not, and cannot, authorize the drilling and completion of a horizontal well in the subsurface without the approval (actual or compelled) of at least one owner of oil and gas rights in each tract to be included in the project area.
- (13) For the foregoing findings the Division's approval of the APD for the proposed well should be cancelled.
- (14) This APD was filed with, and approved by, the United States Bureau of Land Management (BLM). The Division has no jurisdiction with respect to the BLM's approval of the APD. However, the Division's action cancelling its approval of the BLM-approved APD does not affect BLM's approval. The proposed well cannot be drilled without the approval of both agencies. The Division's approval could be reinstated in the event that a voluntary or compulsory pooling consolidates ownership in the project area. Presumably BLM's approval remains viable until it expires or BLM takes action to rescind its approval. If the Division were to reinstate its approval while BLM's approval remains in force, the well could be drilled without re-application, unless BLM were to determine otherwise. Accordingly, the Division's lack of jurisdiction over BLM's approval is not an obstacle to the Division's cancellation of its own approval.

IT IS THEREFORE ORDERED THAT:

(1) The Division's approval of the APD filed by COG Operating, LLC for its proposed Blackhawk 11 Federal Com. Well No. 1 (API No. 30-015-36541) is hereby

cancelled, without prejudice to its reinstatement in the event of a voluntary or compulsory pooling of the oil and gas interest within the proposed project area.

(2) Jurisdiction of this case is retained for the entry of such further orders as the Division may deem necessary.

DONE at Santa Fe, New Mexico, on the day and year hereinabove designated.

- 1 opening statement, indicated that title was not in
- 2 dispute. Is there any title dispute in this case, or is
- 3 there going to be evidence regarding any difference of
- 4 opinion regarding title?
- 5 MR. HALL: There shouldn't be a difference
- 6 of opinion regarding title. We will put on evidence of
- 7 title. But I think implicit in Chesapeake's application,
- 8 it calls for a demonstration of the right to occupy, the
- 9 right to make the certification and the right to drill
- 10 here. We are prepared to do that.
- MR. BROOKS: I would certainly concede
- 12 that if there is a dispute as to title, the OCD has no
- 13 jurisdiction to consider that. However, the dealings
- 14 I've done with this case before, as well as Mr.
- 15 Kellahin's opening statement, indicated to me that there
- 16 probably was not a title dispute in this case. You may
- 17 proceed, Mr. Kellahin.
- MR. KELLAHIN: Thank you, Mr. Examiner.
- 19 At this time we call Ms. Jan Spalding.
- MR. BROOKS: Ms. Spalding?
- MS. SPRADLIN: Spradlin.
- MR. KELLAHIN: I'm sorry.
- MR. BROOKS: We apologize for
- 24 mispronunciation of your name. Please take the witness
- 25 stand. You've already been sworn.

- 1 that covers the southwest quarter of Section 11?
- A. There is for that west half of that section,
- 3 which would be inclusive of that.
- Q. I see. Let's look at Exhibit 5. Would you
- 5 identify that for us, please? What is Exhibit 5?
- A. It is our well proposal to the various
- 7 entities that own within the southwest quarter.
- 8 Q. And in this case, is the --
- 9 A. This is for Timothy McDonald.
- 10 Q. And this is the well proposal for the
- 11 Blackhawk 11 1 Well we're talking about?
- 12 A. Correct.
- 13 Q. If we look at the second page, does it appear
- 14 that Mr. McDonald has elected to participate?
- 15 A. He has.
- 16 Q. So he's committed his interest in the
- 17 southwest quarter to the drilling of your well; is that
- 18 correct?
- 19 A. He has.
- Q. Referring back to Exhibit 2, the APD package,
- 21 when did the BLM approve the APD package for this well?
- 22 A. From the stamp on this, it was August 4th,
- 23 2008.
- Q. Say that again, the day.
- 25 A. August 4th, 2008.

RE: Big Game Prospect

Blackhawk "11" Federal Com #1 S2S2 of Section 11-T16S-R28E Eddy County, New Mexico

Dear Mr. MacDonald:

COG Operating LLC (hereinafter referred to as Concho) hereby propose the drilling of a horizontal well to a depth sufficient to adequately test the Crow Flats Abo formation at an anticipated total vertical depth of 6680' and total measured depth being approximately 11,130'. The surface location for this well has been permitted at 430' FSL & 430' FWL with a bottomhole location at 330' FSL & 330' FEL with the dedicated project area being the S2S2 of Section 11, Township 16 South, Range 28 East, Eddy County, New Mexico. Included herein is our AFE dated August 10, 2009 as well as a copy the submitted Permit to Drill.

We ask that you join Concho to the full extent of your interest in the drilling, testing and completing of this proposed well by indicating your acceptance in the space provided.

However, in the event you do not wish to participate, Concho respectfully requests that you consider as an alternative either of the below proposals:

Proposal 1:

Concho would be interested in purchasing, subject to reaching mutually agreeable price and terms, all of Timothy R. McDonald's contractual and leasehold interests situated in Section 11-T16S-R28E, Eddy County, New Mexico.

Proposal 2:

Timothy R. McDonald will farmout all of his contractual and leasehold interests in Section 11-T16S-R28E, Eddy County, New Mexico, retaining an overriding royalty interest equal to the difference between existing lease burdens of record and twenty percent (20%), proportionately reduced.

Please indicate below the option of your choice below, sign and return this letter at your earliest convenience to my attention by any of the following methods:

- US Mail 550 West Texas Avenue, Suite 1300, Midland, Texas 79701
- Fax 432.685.4398
- Email Jspradlin@conchoresources.com

Should you have any questions, please do not hesitate to contact me at 432.683.7443.

Very truly yours,

COG Operating LLC

CHECK APPROPRIATE BOX(ES) TO INDICATE NATURE OF NOTICE, TYPE OF ACTION TYPE OF SUBMISSION Acidize Deepen Production (Start/Resume) Notice of Intent Alter Casing Fracture Treat Reclamation Casing Repair New Construction Recomplete Subsequent Report Change Plans Plug and Abandon Temporarily Abandon Final Abandonment Notice Plug Back Convert to Injection ___ Water Disposal Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof.

If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BLA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.) COG respectfully requests permission: to change Field and Pool from Wolfcamp to Crow Flats Abo; to change proposed Casing & Cement Program; for a variance to the 200' minimum tie back in order to set the pump as close to the formation as possible. The curve and horizontal are all located in the Abo Formation. Attached is a revised plat and revised Form 3160-3 Drill Plan with changes reflected in shaded areas. 14.
