CERTIFIED MAIL/RETURN RECEIPT REQUESTED

Re: NMOCD Case# 14543; In the Matter of the Application of RSC Resources Limited Partnership for Compulsory Pooling, Unorthodox Location, and Non-Standard Spacing and Proration Unit, Eddy County, New Mexico

Dear Ladies and Gentlemen:

This will advise that RSC Resources Limited Partnership has filed an Application with the New Mexico Oil Conservation Division Applicant seeking an order pooling all mineral interests from the surface of the earth to the base of the undesignated Wolfcamp formation underlying the E/2W/2 of Section 35, Township 16 South, Range 29 East, N.M.P.M., Eddy County, New Mexico. Applicant proposes to drill its Lonesome Wolf 35 Federal Com 1H well to be located at a surface location of 150 FNL and 1980 FWL and bottom hole location of 330 FSL and 1980 FWL of said Section 35. Applicant seeks to dedicate the E/2W/2 of Section 35 to the well to form a non-standard 160 acre spacing and proration unit for any formations and/or pools developed on 160 acre or less within the vertical extent, including the Wolfcamp formation.

This application will be set for hearing before a Division Examiner on September 16, 2010 at 8:15 a.m. at the New Mexico Oil Conservation Division, 1220 South St. Francis Drive, Santa Fe, New Mexico. You are not required to attend this hearing, but as an owner of an interest that may be affected, you may appear and present testimony. Failure to appear at the time and become a party of record will preclude you from challenging these applications at a later time. If you intend to attend the hearing and present testimony or evidence, you must enter your appearance and serve the Division, counsel for the Applicant, and other parties with a pre-hearing statement at least four business days before the scheduled hearing date in accordance with 19.15.4.13(B) NMAC.

Very truly yours,

ERNEST L. PADILLA

Re: NMOCD Case# 14543; In the Matter of the Application of RSC Resources Limited Partnership for Compulsory Pooling, Unorthodox Location, and Non-Standard Spacing and Proration Unit, Eddy County, New Mexico

Dear Ladies and Gentlemen:

This will advise that RSC Resources Limited Partnership has filed an Application with the New Mexico Oil Conservation Division Applicant seeking an order pooling all mineral interests from the surface of the earth to the base of the undesignated Wolfcamp formation underlying the E/2W/2 of Section 35, Township 16 South, Range 29 East, N.M.P.M., Eddy County, New Mexico. Applicant proposes to drill its Lonesome Wolf 35 Federal Com 1H well to be located at a surface location of 150 FNL and 1980 FWL and bottom hole location of 330 FSL and 1980 FWL of said Section 35. Applicant seeks to dedicate the E/2W/2 of Section 35 to the well to form a non-standard 160 acre spacing and proration unit for any formations and/or pools developed on 160 acre or less within the vertical extent, including the Wolfcamp formation.

This application will be set for hearing before a Division Examiner on September 16, 2010 at 8:15 a.m. at the New Mexico Oil Conservation Division, 1220 South St. Francis Drive, Santa Fe, New Mexico. You are not required to attend this hearing, but as an owner of an interest that may be affected, you may appear and present testimony. Failure to appear at the time and become a party of record will preclude you from challenging these applications at a later time. If you intend to attend the hearing and present testimony or evidence, you must enter your appearance and serve the Division, counsel for the Applicant, and other parties with a pre-hearing statement at least four business days before the scheduled hearing date in accordance with 19.15.4.13(B) NMAC.

Very truly yours,

ERNEST L. PADILLA

Ernie,

Please remove Pure Gas Partners II LP (Pure Energy Group) from our compulsory pooling effort at the captioned lands.

We have made a farmout with Pure on Sec 35 NENW, 16S 29E, Eddy Co NM.

Thanks

KES
