Re: Case No. 14418 De Novo: Application of Cimarex Energy Co. for a Non-Standard Oil Spacing and Proration Unit and Compulsory Pooling, Eddy County, New Mexico.

Dear Mr. Fesmire:

Lynx Petroleum Consultants, Inc. ("Lynx") requests that the hearing on the above-referenced application, currently scheduled for July 15, 2010, be continued to the Oil Conservation Commission hearing scheduled for September 9, 2010. As noted in Lynx's previous Motion for Continuance, Case 14480 involves the same issues and should be considered by the Commission at the same time. The motion was granted. An order has not yet been issued by the Division in Case 14480. Counsel for Cimarex has indicated that Cimarex objects to this request.

Your attention to this matter is appreciated.

Very truly yours,

Ocean Munds-Dry  
Attorney for Lynx Petroleum Consultants, Inc.

cc: Gary Larson, Esq.
