c. Leases 29 and 30 covering an undivided 12.5% of the oil and gas estate in the W/2 SE/4 Section 3 (subject to lessors' 1/4 royalty):

Chesapeake Exploration LLC125
----------------------------------	------

II. EFFECTIVE OIL AND GAS LEASES: The principal features of the apparently effective oil and gas leases covering the lands described in the caption of this opinion are as follows:

Lease 1:

Date:	August 4, 1980
Recorded:	Book 194, Page 951, Miscellaneous Records
Original Lessor:	Loy Wrinkle, a single man
Present Lessors:	Amber Nicole Duke as to the E/2 SE/4 Section 3, and apparently Loy Wrinkle (.0094444 mineral interest) and Amber Nicole Duke (.01 mineral interest) as to the remaining lands.
Interest Leased:	An undivided .0194444 interest in the mineral estate in the E/2 SE/4 Section 3. We have not examined the remaining lands covered by the lease, but based upon representations that we have seen in the materials examined, it appears that the lease covers the same interest in the remaining lands.
Term:	Five years and so long thereafter as oil, gas, or other mineral is produced from the leased lands or lands pooled with the leased lands.
Delay Rentals:	The lease provides for annual delay rentals in the amount of \$1,040.00, subject to proportionate reduction, and the First National Bank of Bronte, Texas is designated as the depository bank. By Rental Division Order dated August 5, 1980, recorded in Book 194,
