Santa Fe, NM 87505

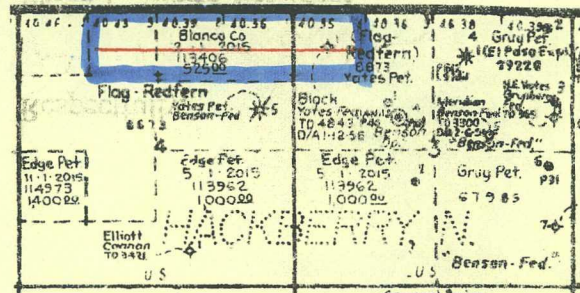

re: CASE 14566

Dear Sirs:

Blanco Company is in receipt of said Application, and by this letter proclaim our intent to appear and present testimony at the hearing. Our argument is that a more efficient way to develop this reservoir would be to re-enter the Yates Benson Deep Federal FS Com #1 and drill two horizontal laterals in the North half of section 4, thereby draining 320 acres with a single well.

BLANCO PROPOSED UNIT CONFIGURATION & WELL

CIMAREX PROPOSED UNIT CONFIGURATION & WELL

The party to present our case in front of the OCD will be Philip White, the owner and only employee of The Blanco Company. Therein lies Blanco's problem with the scheduled date. Philip White does volunteer work at his son's high school, and a conflict exists on 12/02/2010 in regard to this volunteer work. Blanco requests a re-scheduling of this Hearing to shortly after the new year, thereby allowing consideration to Philip White's son's Christmas activities and vacation. Our calendar indicates an available date on January 20, 2011.

Blanco's presentation to the OCD will require no witnesses other than Philip White, and he can make our case in 30 minutes.

Thank you for your consideration.

Respectfully,

*Philip L. White*  
Philip L. White, President
