**Re: NMOCD Case No. 14569: In the Matter of the Application of Devon Energy
Production Company, L.P. for Designation of a Non-Standard Oil Spacing and
Proration Unit and for Compulsory Pooling, Lea County, New Mexico**

Dear Sir or Madam:

This will advise that Devon Energy Production Company has filed an Application with the New Mexico Oil Conservation Division for an order consolidating the 40-acre spacing units within the N/2 N/2 of Section 15, Township 18 South, Range 32 East, NMPM and designating the consolidated units as a 160-acre± non-standard oil spacing and proration unit in the Bone Spring formation for Devon's horizontal drilling project area. Devon also seeks the compulsory pooling of all interests in the Bone Spring formation underlying the N/2 N/2 of said Section 15 to be dedicated to its West Shinnery 15 Federal No. 2-H Well to be drilled horizontally from a surface location 330' from the East line and 660' from the North line to a bottomhole location 330' from the West line and 660' from the North line to a depth sufficient to test the Bone Spring formation. Also to be considered will be the cost of drilling and completing said well and the allocation of the cost thereof, as well as actual operating costs and charges for supervision, designation of Devon Energy as operator and a charge for risk involved in drilling the well.

A copy of the Application for hearing is enclosed.

This Application will be set for hearing before a Division Examiner on November 18, 2010, at 8:15 a.m. at the New Mexico Oil Conservation Division,

Re: NMOCD Case No. 14569: In the Matter of the Application of Devon Energy Production Company, L.P. for Designation of a Non-Standard Oil Spacing and Proration Unit and for Compulsory Pooling, Lea County, New Mexico

Dear Sir or Madam:

This will advise that Devon Energy Production Company has filed an Application with the New Mexico Oil Conservation Division for an order consolidating the 40-acre spacing units within the N/2 N/2 of Section 15, Township 18 South, Range 32 East, NMPM and designating the consolidated units as a 160-acre± non-standard oil spacing and proration unit in the Bone Spring formation for Devon's horizontal drilling project area. Devon also seeks the compulsory pooling of all interests in the Bone Spring formation underlying the N/2 N/2 of said Section 15 to be dedicated to its West Shinnery 15 Federal No. 2-H Well to be drilled horizontally from a surface location 330' from the East line and 660' from the North line to a bottomhole location 330' from the West line and 660' from the North line to a depth sufficient to test the Bone Spring formation. Also to be considered will be the cost of drilling and completing said well and the allocation of the cost thereof, as well as actual operating costs and charges for supervision, designation of Devon Energy as operator and a charge for risk involved in drilling the well.

A copy of the Application for hearing is enclosed.

This Application will be set for hearing before a Division Examiner on November 18, 2010, at 8:15 a.m. at the New Mexico Oil Conservation Division,

Re: NMOCD Case No. 14569: In the Matter of the Application of Devon Energy Production Company, L.P. for Designation of a Non-Standard Oil Spacing and Proration Unit and for Compulsory Pooling, Lea County, New Mexico

Dear Sir or Madam:

This will advise that Devon Energy Production Company has filed an Application with the New Mexico Oil Conservation Division for an order consolidating the 40-acre spacing units within the N/2 N/2 of Section 15, Township 18 South, Range 32 East, NMPM and designating the consolidated units as a 160-acre± non-standard oil spacing and proration unit in the Bone Spring formation for Devon's horizontal drilling project area. Devon also seeks the compulsory pooling of all interests in the Bone Spring formation underlying the N/2 N/2 of said Section 15 to be dedicated to its West Shinnery 15 Federal No. 2-H Well to be drilled horizontally from a surface location 330' from the East line and 660' from the North line to a bottomhole location 330' from the West line and 660' from the North line to a depth sufficient to test the Bone Spring formation. Also to be considered will be the cost of drilling and completing said well and the allocation of the cost thereof, as well as actual operating costs and charges for supervision, designation of Devon Energy as operator and a charge for risk involved in drilling the well.

A copy of the Application for hearing is enclosed.

This Application will be set for hearing before a Division Examiner on November 18, 2010, at 8:15 a.m. at the New Mexico Oil Conservation Division,

Re: NMOCD Case No. 14569: In the Matter of the Application of Devon Energy Production Company, L.P. for Designation of a Non-Standard Oil Spacing and Proration Unit and for Compulsory Pooling, Lea County, New Mexico

Dear Sir or Madam:

This will advise that Devon Energy Production Company has filed an Application with the New Mexico Oil Conservation Division for an order consolidating the 40-acre spacing units within the N/2 N/2 of Section 15, Township 18 South, Range 32 East, NMPM and designating the consolidated units as a 160-acre \pm non-standard oil spacing and proration unit in the Bone Spring formation for Devon's horizontal drilling project area. Devon also seeks the compulsory pooling of all interests in the Bone Spring formation underlying the N/2 N/2 of said Section 15 to be dedicated to its West Shinnery 15 Federal No. 2-H Well to be drilled horizontally from a surface location 330' from the East line and 660' from the North line to a bottomhole location 330' from the West line and 660' from the North line to a depth sufficient to test the Bone Spring formation. Also to be considered will be the cost of drilling and completing said well and the allocation of the cost thereof, as well as actual operating costs and charges for supervision, designation of Devon Energy as operator and a charge for risk involved in drilling the well.

A copy of the Application for hearing is enclosed.

This Application will be set for hearing before a Division Examiner on November 18, 2010, at 8:15 a.m. at the New Mexico Oil Conservation Division,

Re: NMOCD Case No. 14569: In the Matter of the Application of Devon Energy Production Company, L.P. for Designation of a Non-Standard Oil Spacing and Proration Unit and for Compulsory Pooling, Lea County, New Mexico

Dear Sir or Madam:

This will advise that Devon Energy Production Company has filed an Application with the New Mexico Oil Conservation Division for an order consolidating the 40-acre spacing units within the N/2 N/2 of Section 15, Township 18 South, Range 32 East, NMPM and designating the consolidated units as a 160-acre± non-standard oil spacing and proration unit in the Bone Spring formation for Devon's horizontal drilling project area. Devon also seeks the compulsory pooling of all interests in the Bone Spring formation underlying the N/2 N/2 of said Section 15 to be dedicated to its West Shinnery 15 Federal No. 2-H Well to be drilled horizontally from a surface location 330' from the East line and 660' from the North line to a bottomhole location 330' from the West line and 660' from the North line to a depth sufficient to test the Bone Spring formation. Also to be considered will be the cost of drilling and completing said well and the allocation of the cost thereof, as well as actual operating costs and charges for supervision, designation of Devon Energy as operator and a charge for risk involved in drilling the well.

A copy of the Application for hearing is enclosed.

This Application will be set for hearing before a Division Examiner on November 18, 2010, at 8:15 a.m. at the New Mexico Oil Conservation Division,

1220 South St. Francis Drive, Santa Fe, New Mexico. You are not required to attend this hearing, but as an owner of an interest that may be affected, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging this application at a later time. If you intend to attend the hearing and present testimony or evidence, you must enter your appearance and serve the Division, counsel for the Applicant, and other parties with a pre-hearing statement at least four business days before the scheduled hearing date in accordance with Division Rule 19.15.4.13.

Very truly yours,

MONTGOMERY & ANDREWS, P.A.
