Re: Case No. 11067, Meridian Oil Inc.
CO2 Injection Project, Allison Unit

Dear Mr. & Mrs. Kelley:

We have received your letter dated July 30, 1994, wherein you have objected to the application of Meridian Oil Inc. to establish a carbon dioxide injection project within its Allison Unit. Please be advised that Case Number 11067 is on the Examiner Docket scheduled to be heard on August 18, 1994. The hearing begins at 8:15 a.m. and generally lasts until 5:00 p.m. It is unknown at this time when Case No. 11067 will be heard during the day as the docket for August 18 is rather substantial. The hearing will be held at the following location:

Morgan Hall, State Land Office Building
310 Old Santa Fe Trail, Santa Fe, New Mexico

We welcome your participation in this matter. Our hearing process at the Division is fairly relaxed. At the hearing you will be allowed to cross examine any of Meridian's witnesses, provide oral testimony under oath, and make a statement of position. As you requested, we will consider your letter to be a pre-hearing statement in this matter.

If you have additional questions regarding our hearing procedures, please contact Mr. Rand Carrol, Division Attorney, or Mr. Mike Stogner, Chief Hearing Officer.

Sincerely,

David Catanach
Examiner
