## BEFORE THE NEW MEXICO OIL CONSERVATION DIVISION

APPLICATION FOR POOL CONTRACTION  
AND EXPANSION, EDDY COUNTY,  
NEW MEXICO.

No. \_\_\_\_\_

**APPLICATION**

Applicant Santa Fe Energy Operating Partners, L.P. hereby applies to the Division for an order contracting the boundaries of the Indian Basin-Upper Pennsylvanian Gas Pool, and extending the boundaries of the South Dagger Draw-Upper Pennsylvanian Associated Pool, and in support thereof states:

1. Applicant owns leasehold working interests in the above-described pools, or within one mile thereof.

2 The Indian Basin-Upper Pennsylvanian Gas Pool ("the Gas Pool") includes, among other acreage, the following land:

Township 21 South, Range 23 East, N.M.P.M.

§ 14: All

3. A Well was previously completed in the Gas Pool in said Section 14 as a gas well. Said well is now depleted.

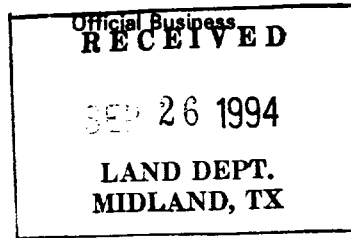

4. The South Dagger Draw-Upper Pennsylvanian Associated Pool ("the Associated Pool") was created for production of hydrocarbons from the Cisco/Canyon formation. The interval produced from the Associated Pool is the same dolomite section, but structurally lower, as that produced in the Gas Pool, and is the "oil leg" of the Cisco/Canyon interval.

5. A well has been completed or recompleted in Section 14 as an oil well in the Cisco/Canyon formation. Additional wells are planned.

6. As a result, future production from the Cisco/Canyon formation from the above-described acreage will be from the interval produced in the Associated Pool.

7. Therefore, Applicant requests that the Gas Pool be contracted to delete Section 14, Township 21 South, Range 23 East, and that the Associated Pool be expanded to include said acreage.

8. The granting of this application is in the interests of conservation, the prevention of waste, and the protection of correlative rights.

WHEREFORE, Applicant requests that, after hearing, the above relief be granted.

Respectfully submitted,
