RE: Oil and Gas Lease
SE/4 of Section 15, T17S-R37E
Lea County, New Mexico
0.7000 net mineral acres

Dear Mr. Spear:

Per our telephone conversation the other day please find enclosed a letter of intent to lease your mineral interest in the above described lands in Lea County, New Mexico.

Please sign both agreements where checked and forward one executed agreement back to us in the envelope provided. As stated in the agreement a lease and draft shall be forthcoming to complete said transaction. If there are any questions regarding this please feel free to contact me at the above number.

Thank you for your cooperation in this matter.

Sincerely,

Al Swanson, Landman

RE: SE/4 of Section 15, T17S-R37E
Lea County, New Mexico
0.7000 net mineral acres

This letter of intent will confirm that Sun-West Oil and Gas, Inc., as Lessor and J.O. Easley, Inc., as Lessee have entered into an agreement to leases the above stated mineral interest on the following terms and conditions:

- 1) \$100.00 per net mineral acre inclusive of rentals
3 year paid up oil and gas lease
1/4 royalty

It is agreed that this letter will serve as commitment to lease under the above terms and conditions and that Lessor shall be submitted a lease and draft for the above stated mineral interest effective October 1, 1994 on or before the date of September 15, 1994 for proper execution. The lease and draft must be presented for collection in a timely manner so that proper payment may be made. Lessor agrees not to extend the current and existing lease of record. If this letter of intent properly acknowledges the agreement to lease please sign in the proper spaces below.

Enclosed is a copy of the clauses that I spoke with your about earlier on this date. Mr. Spear would like for you to include these in your leases.

If you have any questions please feel free to contact Mr. Spear or myself at the above phone number.

Sincerely,
Alicia Hernandez

12. At any time commencing subsequent to (1) the lapse of one year after the end of the primary term or (2) one year after the completion of actual drilling of any well being drilled hereunder at the end of the primary term, whichever is later, upon the lapse of any period of one hundred twenty (120) successive days during which no actual drilling is conducted on the lease premises, this lease (if not sooner terminated) shall terminate and be released of legal record by Lessee as to all of the land covered hereby, SAVE AND EXCEPT THE DEVELOPED ACREAGE. The term "actual drilling" as used herein shall mean down hole operations for the purpose of obtaining production of oil or gas conducted with a rotary rig or its equivalent capable of expeditious drilling to a depth of at least 6,000 feet below the surface of the ground. For purposes hereof, only the following shall be deemed developed acreage:

(i) The minimum acreage (as nearly in the form of a square or rectangle as practicable) in a proration unit properly assigned to a completed well capable of producing oil or gas in commercial quantities to qualify such well for maximum proration allowable under law and governmental rules and regulations establishing applicable field rules. For purposes hereof, statewide rules shall not be regarded as field rules.

(ii) In the absence of field rules fixing the allowable production in relation to assigned acreage, each such proration unit shall contain the acreage assigned to each well capable of producing oil or gas in commercial quantities as follows: 40 acres or less for each oil well and 160 acres or less for each gas well.

(iii) All depths down to (but not greater than) 100 feet below the deepest depth at which a well has been completed capable of producing oil or gas in paying quantities in and as to each such respectively assigned proration unit.

13. All rights of Lessee hereunder are expressly understood and agreed to be in all respects subject to and inferior to all rights of lessee, its successors and assigns under and by virtue of that certain Oil and Gas Lease dated the _____ day of _____, 19____ between _____ and _____.

Dear Mr. Spelman:

AnSon Gas Corporation has acquired a farmout from PG&E Resources Company and the majority of the leasehold interest in the captioned unit. AnSon proposes to drill an 11,750' Strawn test at a legal location in said unit. Enclosed please find two (2) copies of AFE reflecting our estimated well costs. We plan to spud this test as soon as possible and we respectfully request that Bonneville advise as to its intentions at your earliest possible convenience. Although we have acquired top leases within this unit, we hope to spud our test before the base leases expire. I will be calling you in the next couple of days to follow-up on this letter.

If you have any questions or need additional information, please give me a call.

Sincerely,

AnSon Company

Lea County, New Mexico
Humble City Prospect / P2345

Dear Mr. Spelman:

Thank you for your telephone call this date concerning AnSon Gas Corporation's proposed well in the captioned unit. As we discussed, AnSon's staked location for this well is 2,130' FSL and 510' FEL Section 15. Enclosed for your review is a copy of our Operating Agreement covering this well, along with an extra signature page. Should you desire to participate in this test, please execute and return one (1) copy of the extra signature page to my attention at your earliest convenience.

As I advised, AnSon has acquired a majority of this unit and hopes to spud a well this month. We have come to agreement with all parties in this unit with the exception of Bonneville Fuels Corporation whom we have recently found out acquired a leasehold interest from Hickory Timbers Limited Partnership and Cross Timbers Production Company covering 4.444 net acres within this 80 acre unit.

If you have any questions, please give me a call. I appreciate your help and cooperation in expediting this proposal.

Sincerely,

AnSon Company

Dear Mr. Lundeen:

We are in receipt of your recent letters transmitting an AFE and Operating Agreement for the above-captioned well, resulting from our acquisition of the Cross Timbers Lease.

We are currently subject to an Operating Agreement and Area of Mutual Interest covering these lands and additional lands in the area. Therefore, we are offering our partners (7) their proportionate share of this lease. We have asked for a prompt response and furnished them with copies of your letters.

At such time that we know the participation in the lease, we will advise you as to how the Exhibit A to the Operating Agreement should reflect the various interests. We will also furnish you with a copy of the assignment to our partners. We do not feel it is appropriate to sign the AFE until the Operating Agreement is in place.

If you have any questions, please give me a call.

Yours truly,

Case No. 11129
Application of AnSon Gas Corporation
for Compulsory Pooling and
Unorthodox Oil Well Location
N/2 SE/4 Section 15-17S-37E
Lea County, New Mexico

Gentlemen:

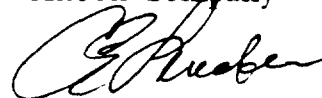

As you may be aware, AnSon Gas Corporation received a recommendation from the Oil Conservation Division on November 10, 1994 for approval of an unorthodox oil well location 2,310' FSL and 510' FEL in the SE/4 of Section 15-17S-37E, Lea County, New Mexico. Prior to drilling our Shipp 15 #1 well at this approved unorthodox location exception, AnSon and its partners have decided that the most advantageous drillsite for geologic success would be at a location 2,310' FSL and 410' FEL in the SE/4 of said Section 15. AnSon currently has a unorthodox oil well location application scheduled to be heard January 19, 1995 for this revised location. AnSon desires to move a rig onto location and drill this well prior to January 19th and therefore respectfully requests that you waive your notice requirement as required by the Conservation Division as an unleased mineral owner or lessee who owns an interest in an offsetting tract. By agreeing to waive your rights as to notice for AnSon's proposed unorthodox well location, AnSon will be able to drill its well prior to the hearing on January 19, 1995. A copy of our approved drilling permit showing our proposed well location is attached for your review.

N/2SE/4 Section 15-T17S-R37E
Lea County, New Mexico

Gentlemen:

Please consider this letter as Amerada Hess Corporation's conditional waiver of notice for the referenced application before the New Mexico Conservation Division.

This waiver is predicated upon AnSon Company's agreement to allow Amerada Hess Corporation the right to drill a "mirror location" to the subject Shipp 15 #1 well should your application be approved.

Please indicate your approval and acceptance of this conditional waiver by executing and returning one (1) copy of this letter to my attention at the letterhead address.

Very truly yours,

AMERADA HESS CORPORATION

Prior to drilling our Shipp 15 #1 well at this approved unorthodox location exception, AnSon and its partners have decided that the most advantageous drillsite for geologic success would be at a location 2,310' FSL and 410' FEL in the SE/4 of said Section 15. AnSon currently has a unorthodox oil well location application scheduled to be heard January 19, 1995 for this revised location. AnSon desires to move a rig onto location and drill this well prior to January 19th and therefore respectfully requests that you waive your notice requirement as required by the Conservation Division as an unleased mineral owner or lessee who owns an interest in an offsetting tract. By agreeing to waive your rights as to notice for AnSon's proposed unorthodox well location, AnSon will be able to drill its well prior to the hearing on January 19, 1995. A copy of our approved drilling permit showing our proposed well location is attached for your review.

Case No. 11129
Application of AnSon Gas Corporation
for Compulsory Pooling and
Unorthodox Oil Well Location
N/2 SE/4 Section 15-17S-37E
Lea County, New Mexico

Gentlemen:

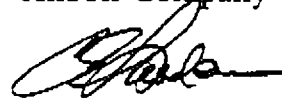

As you may be aware, AnSon Gas Corporation received a recommendation from the Oil Conservation Division on November 10, 1994 for approval of an unorthodox oil well location 2,310' FSL and 510' FEL in the SE/4 of Section 15-17S-37E, Lea County, New Mexico. Prior to drilling our Shipp 15 #1 well at this approved unorthodox location exception, AnSon and its partners have decided that the most advantageous drillsite for geologic success would be at a location 2,310' FSL and 410' FEL in the SE/4 of said Section 15. AnSon currently has a unorthodox oil well location application scheduled to be heard January 19, 1995 for this revised location. AnSon desires to move a rig onto location and drill this well prior to January 19th and therefore respectfully requests that you waive your notice requirement as required by the Conservation Division as an unleased mineral owner or lessee who owns an interest in an offsetting tract. By agreeing to waive your rights as to notice for AnSon's proposed unorthodox well location, AnSon will be able to drill its well prior to the hearing on January 19, 1995. A copy of our approved drilling permit showing our proposed well location is attached for your review.

Re: Oil Conservation Division Case No. 11129:
Amended Application of AnSon Gas Corporation for Compulsory Pooling and
an Unorthodox Oil Well Location, Lea County, New Mexico

Gentlemen:

This letter is to advise you that AnSon Gas Corporation has filed the enclosed amended application with the New Mexico Oil Conservation Division seeking the force pooling of certain mineral interests in all formations to the base of the Atoka formation, in and under the N/2 SE/4 of Section 15, Township 17 South, Range 37 East, N.M.P.M., Lea County, New Mexico. AnSon Gas Corporation proposes to dedicate the referenced pooled unit to its Shipp 15 No. 1 Well to be drilled at an unorthodox well location 2310 feet from the South line and 410 feet from the East line of said Section 15.

This amended application has been set for hearing before a Division Examiner on December 15, 1994. You are not required to attend this hearing, but as an owner of an interest that may be subject to pooling or otherwise affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Yates Petroleum Corporation
November 22, 1994

Re: Oil Conservation Division Case No. 11129:
Amended Application of AnSon Gas Corporation for Compulsory Pooling and
an Unorthodox Oil Well Location, Lea County, New Mexico

Gentlemen:

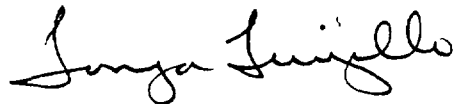

This letter is to advise you that AnSon Gas Corporation has filed the enclosed amended application with the New Mexico Oil Conservation Division seeking the force pooling of certain mineral interests in all formations to the base of the Atoka formation, in and under the N/2 SE/4 of Section 15, Township 17 South, Range 37 East, N.M.P.M., Lea County, New Mexico. AnSon Gas Corporation proposes to dedicate the referenced pooled unit to its Shipp 15 No. 1 Well to be drilled at an unorthodox well location 2310 feet from the South line and 410 feet from the East line of said Section 15.

This amended application has been set for hearing before a Division Examiner on December 15, 1994. You are not required to attend this hearing, but as an owner of an interest that may be subject to pooling or otherwise affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Nearburg Exploration Company
