RE: Application for a 160-acre Non-Standard Gas Spacing and Proration Unit in the Rhodes Yates-Seven Rivers Gas Pool: SW/4 NE/4, N/2 NW/4, and SE/4 NW/4 Section 23, Township 26 South, Range 37 East, NMPM, Lea County, New Mexico.

Dear Mr. Strauss:

Per your letter dated January 25, 1995, the subject matter has been set for hearing before a Division Examiner on the March 2, 1995 docket. PermOK Oil, Inc. will be required to provide notice pursuant to Division General Rule 1207.A(6) and to submit a "Pre-hearing Statement" as requested by Division Memorandum 2-90, dated April 30, 1990 (see copy attached). You should also be ready to present evidence as to why a standard 160-acre gas spacing and proration unit comprising the NW/4 of said Section 23 can not be formed either voluntary or through forced pooling.

Should you have any questions, please contact me in Santa Fe at (505) 827-8185.

Sincerely,

A handwritten signature in dark ink, appearing to read "Michael E. Stogner", written over a horizontal line.
