Re: Fruitland Coal/Pictured Cliffs Well Proposal Burnham Gas Com /B/ #1 W/2 of Section 12-T29N-R13W San Juan County, New Mexico

WORKING INTEREST OWNERS - ADDRESSEE LIST ATTACHED

Gentlemen:

Reference is made to our previous letter dated February 14, 1995 proposing to drill a Pictured Cliffs well in the SW/4 of Section 12-T29N-R13W, San Juan County, New Mexico. Amoco Production Company now wishes to propose to drill a Fruitland Coal/Pictured Cliffs downhole commingled well on the captioned acreage. The spacing unit for the Fruitland Coal well will be the W/2 of Section 12 and the spacing unit for the Pictured Cliffs formation will be the SW/4 of Section 12. Enclosed for your review are two AFE's outlining the estimated cost of the project. One AFE shows the costs that will be borne by the Fruitland Coal owners and the other shows costs that will be borne by the Pictured Cliffs owners. Also enclosed is a new Operating Agreement which we are proposing to use to govern the operations of this well. Exhibit "A" of the Operating Agreement sets forth what our records indicate your interest to be in the Fruitland Coal and Pictured Cliffs formations.

Please indicate your approval to join in this project by signing both the AFE and Operating Agreement and returning both to my attention as soon as possible. If you have any questions, please feel free to contact me at (303) 830-4844.

Yours very truly,

nem
