Said unit is to be dedicated to either the plugged and abandoned Texas Company Gotlieb Ertel Well No. 1, located at a standard oil well location 660 feet from the North line and 1980 feet, more or less, from the West line, of said Section 27, in which the applicant proposes to re-enter, OR IN THE ALTERNATIVE, to a new well to be drilled at a standard oil well location thereon. Also to be considered will be the cost of re-entering and recompletion of said plugged well or drilling and completing a new well and the allocation of the cost thereof, as well as actual operating costs and charges for supervision, designation of applicant as the operator of the unit and a charge for risk involved in re-entry of said plugged well or in drilling a new well.
