Re: Production Restoration and Workover Incentive Committee  
Organizational Meeting

Dear Larry:

The initial meeting of the New Mexico Oil Conservation Division's "Production Restoration and Workover Incentive Committee" will be on Tuesday, June 27, 1995 at 9:00 a.m. in the Oil Conservation Division Conference Room at 2040 South Pacheco Street, Santa Fe, New Mexico.

Bill LeMay previously provided you with a copy of House Bill 65 and certain information from the Oklahoma Corporation Commission which addresses the questions we will be wrestling with in our work on this Committee. Enclosed herewith is a Memorandum with attached information prepared by W. Perry Pearce of Meridian Oil Inc. which addresses workover incentives in other states. I believe this Memorandum will also be of assistance to us in developing rules to implement House Bill 65. As you probably know, Mr. Pearce lobbied for passage of this act and is a former Oil Conservation Division General Counsel.

I am confident we can have draft rules ready by the August 15th deadline set by Mr. LeMay in his letter of May 11, 1995 and can be prepared to present final rules to the Oil Conservation Commission on September 28, 1995.

I look forward to seeing you on the 27th.

Very truly yours,

WILLIAM F. CARR
