BOB ANTHONY  
VICE CHAIRMAN

March 30, 1995

Mr. William J. LeMay  
Division Director  
New Mexico Oil Conservation Commission  
2040 S. Pacheco  
Santa Fe, NM 87505

Dear Bill:

It was a pleasure to hear from you. I am enclosing copies of Oklahoma's statute and our commission's rulemaking establishing the new incentive program Oklahoma has to reactivate shut-in oil and gas wells. The director of this agency's oil and gas conservation division, Mike Battles, and his staff will be pleased to offer further technical explanation if you so desire.

I plan to become more active in the Interstate Oil and Gas Compact Commission and look forward to seeing you at one of its upcoming meetings.

Best personal regards.

Yours sincerely,

Bob Anthony
