Re: Application of Enserch Exploration, Inc. for Amendment to Special Pool
Rules for the South Black River-Delaware Pool, Eddy County, New Mexico

Dear Sir or Madam:

This will advise that Enserch Exploration, Inc. has filed an application with the New Mexico Oil Conservation Division seeking the amendment of the Special Pool Rules for the South Black River-Delaware Pool to provide for an increase in the present gas-oil ratio limitation of 10,000 cubic feet for each barrel of oil produced to 20,000:1. The present vertical limits of the South Black River-Delaware Pool consist of Section 2: SE/4 NE/4, Township 25 South, Range 26 East, NMPM, Eddy County, New Mexico.

This application will be set for hearing before a Division Examiner on January 11, 1996 at the New Mexico Oil Conservation Division in Santa Fe. You are not required to attend this hearing, but as an operator of a well or owner of an unleased mineral interest within the pool, or as an operator of a well within one mile of the boundaries of the above-referenced lands, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Very truly yours,

MILLER, STRATVERT, TORGERSON
& SCHLENKER, P.A.

J. Scott Hall

Re: Application of Enserch Exploration, Inc. for Amendment to Special Pool
Rules for the South Black River-Delaware Pool, Eddy County, New Mexico

Dear Sir or Madam:

This will advise that Enserch Exploration, Inc. has filed an application with the New Mexico Oil Conservation Division seeking the amendment of the Special Pool Rules for the South Black River-Delaware Pool to provide for an increase in the present gas-oil ratio limitation of 10,000 cubic feet for each barrel of oil produced to 20,000:1. The present vertical limits of the South Black River-Delaware Pool consist of Section 2: SE/4 NE/4, Township 25 South, Range 26 East, NMPM, Eddy County, New Mexico.

This application will be set for hearing before a Division Examiner on January 11, 1996 at the New Mexico Oil Conservation Division in Santa Fe. You are not required to attend this hearing, but as an operator of a well or owner of an unleased mineral interest within the pool, or as an operator of a well within one mile of the boundaries of the above-referenced lands, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Very truly yours,

MILLER, STRATVERT, TORGERSON
& SCHLENKER, P.A.

Re: Application of Enserch Exploration, Inc. for Amendment to Special Pool
Rules for the South Black River-Delaware Pool, Eddy County, New Mexico

Dear Sir or Madam:

This will advise that Enserch Exploration, Inc. has filed an application with the New Mexico Oil Conservation Division seeking the amendment of the Special Pool Rules for the South Black River-Delaware Pool to provide for an increase in the present gas-oil ratio limitation of 10,000 cubic feet for each barrel of oil produced to 20,000:1. The present vertical limits of the South Black River-Delaware Pool consist of Section 2: SE/4 NE/4, Township 25 South, Range 26 East, NMPM, Eddy County, New Mexico.

This application will be set for hearing before a Division Examiner on January 11, 1996 at the New Mexico Oil Conservation Division in Santa Fe. You are not required to attend this hearing, but as an operator of a well or owner of an unleased mineral interest within the pool, or as an operator of a well within one mile of the boundaries of the above-referenced lands, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Very truly yours,

MILLER, STRATVERT, TORGERSON
& SCHLENKER, P.A.
