RE: Case No. 11325:  
Application of Texaco Exploration and Production Inc. for a High Angle/Horizontal Directional Drilling Pilot Project, Special Operating Rules therefor, a Non-Standard Oil Proration Unit and a Special Project Allowable, Rio Arriba County, New Mexico

Gentlemen:

This letter is to advise you that Texaco Exploration and Production Inc. has filed an application with the New Mexico Oil Conservation Division seeking approval to re-enter and horizontally drill its C.W. Roberts Well No. 4 located in the S/2 of Section 17, Township 25 North, Range 3 West, N.M.P.M., in the West Lindrith Gallup-Dakota Oil Pool. The C.W. Roberts Well No. 4 is located at a previously approved unorthodox location 660 feet from the South line and 660 feet from the West line of Section 17. Texaco plans to re-enter this well and kick-off from vertical in an easterly direction commencing to build angle at an appropriate rate to horizontally traverse the proposed producing interval.

This application has been set for hearing before an Examiner of the Oil Conservation Division on August 24, 1995. You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear at the hearing and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging this matter at a later date.

Parties appearing in cases have been requested by the Division (Memorandum 2-90) to file a Pre-Hearing statement substantially in the form prescribed by the Division. Pre-Hearing statements should be filed by 4:00 o'clock p.m. on the Friday before a scheduled hearing. If you have no objection to Texaco's application, please sign the waiver at the bottom of this letter and return same to my attention at the letterhead address. Your prompt attention to this matter is greatly appreciated.

Yours very truly,
