Enclosed are a proposed Joint Operating Agreement and an AFE for the subject well.

Also enclosed, if applicable, is a listing of pre-drilling title requirements (from the drilling title opinion). These must be satisfied before drilling commences.

Since time is of the essence in this matter, Damar Energy Company would appreciate your timely review and approval of this proposal. Please return, to the letterhead address, a properly executed signature page of the Joint Operating Agreement and an approved copy of the AFE.

Yours very truly,

C. Dan Smith

RE: Force Pool Hearing

Damar Energy Company is unable to locate one of the working interest owners in the subject well. Therefore, we are scheduling a force pool hearing before the Oil Conversation Division. This hearing is being set for August 10, 1995.

Our intent is to reach an agreement regarding the drilling of this well with each of you prior to the date of the hearing. If this can be accomplished, you will, of course, be dropped from the hearing.

Our representative, Larry W. Robinette, will be calling each of you soon to discuss your position regarding this proposed well.

Sincerely,

Mark D. Smith

RE: MB #22-1  
SE/4 SE/4, Section 22-23G-28E  
Eddy County, New Mexico

Dear Mr. Fort,

As you requested, enclosed are:

- a revised page 4 of the Joint Operating Agreement
- a revised page 4 of Exhibit "C" to the Joint Operating Agreement
- a portion of the page from the drilling title opinion reflecting the calculation of your interest in the proposed well.

Damar Energy is not prepared to modify our previous acquisition or form in proposals, but we will be happy to consider any alternatives you may wish to propose.

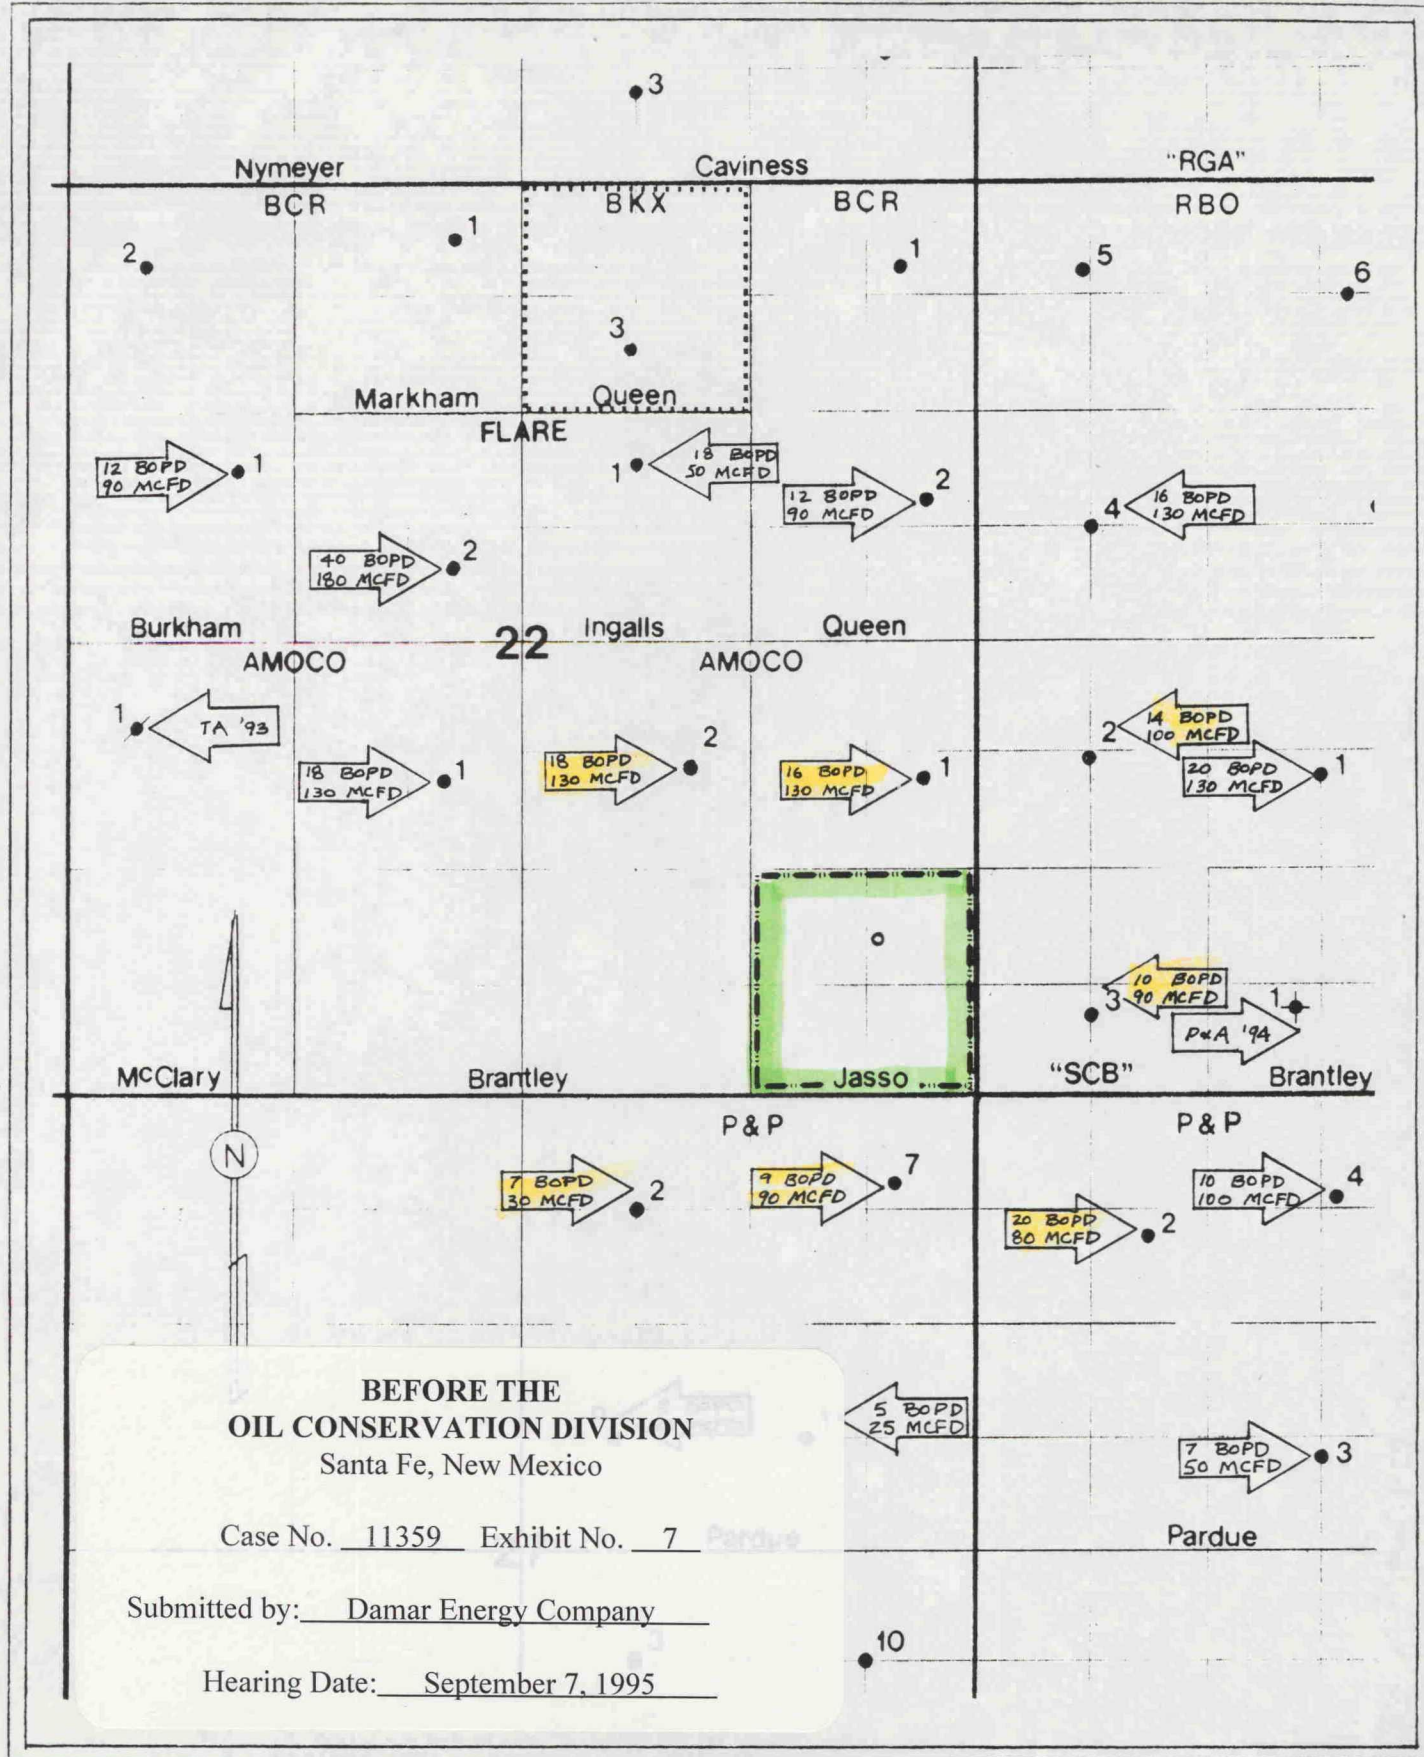

Since I am frequently out of the office, please feel free to contact Mr. Robinette if you have any need to contact us regarding this proposal.

Very truly yours,

Mark D. Smith

Re: Application of Damar Energy Company for Compulsory Pooling, Eddy  
County, New Mexico

Dear Mr. West:

This letter is to advise you that Damar Energy Company has filed the enclosed application with the New Mexico Oil Conservation Division seeking the force pooling of certain mineral interests in all formations from the surface to the base of the Delaware formation, in and under the SE/4 SE/4 of Section 22, Township 23 South, Range 28 East, N.M.P.M., Eddy County, New Mexico. Damar Energy Company proposes to dedicate the referenced pooled unit to its MB #22-1 Well to be drilled at an orthodox location 800 feet from the South line and 660 feet from the East line of Section 22, to test all formations to the base of the Delaware formation, East Loving-Brushy Canyon Pool (formerly the East Loving-Delaware Pool).

This application has been set for hearing before a Division Examiner on August 10, 1995. You are not required to attend this hearing, but as an owner of an interest that may be subject to pooling, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

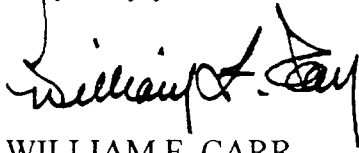

Amoco Production Company

July 19, 1995

Page 2

Parties appearing in cases have been requested by the Division (Memorandum 2-90) to file a Prehearing Statement substantially in the form prescribed by the Division. Prehearing statements should be filed by 4:00 o'clock p.m. on the Friday before a scheduled hearing.

Very truly yours,

Re: Application of Damar Energy Company for Compulsory Pooling, Eddy  
County, New Mexico

Dear Mr. Barton:

This letter is to advise you that Damar Energy Company has filed the enclosed application with the New Mexico Oil Conservation Division seeking the force pooling of certain mineral interests in all formations from the surface to the base of the Delaware formation, in and under the SE/4 SE/4 of Section 22, Township 23 South, Range 28 East, N.M.P.M., Eddy County, New Mexico. Damar Energy Company proposes to dedicate the referenced pooled unit to its MB #22-1 Well to be drilled at an orthodox location 800 feet from the South line and 660 feet from the East line of Section 22, to test all formations to the base of the Delaware formation, East Loving-Brushy Canyon Pool (formerly the East Loving-Delaware Pool).

This application has been set for hearing before a Division Examiner on August 10, 1995. You are not required to attend this hearing, but as an owner of an interest that may be subject to pooling, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Re: Application of Damar Energy Company for Compulsory Pooling, Eddy  
County, New Mexico

Dear Mr. May:

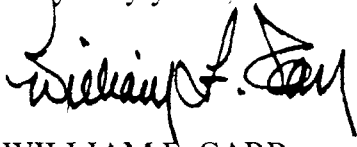

This letter is to advise you that Damar Energy Company has filed the enclosed application with the New Mexico Oil Conservation Division seeking the force pooling of certain mineral interests in all formations from the surface to the base of the Delaware formation, in and under the SE/4 SE/4 of Section 22, Township 23 South, Range 28 East, N.M.P.M., Eddy County, New Mexico. Damar Energy Company proposes to dedicate the referenced pooled unit to its MB #22-1 Well to be drilled at an orthodox location 800 feet from the South line and 660 feet from the East line of Section 22, to test all formations to the base of the Delaware formation, East Loving-Brushy Canyon Pool (formerly the East Loving-Delaware Pool).

This application has been set for hearing before a Division Examiner on August 10, 1995. You are not required to attend this hearing, but as an owner of an interest that may be subject to pooling, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.
