Re: Application of Medallion Production Company for an Unorthodox Well  
Location, Chaves County, New Mexico

Dear Mr. Powell:

This letter is to advise you that Medallion Production Company has filed the enclosed application with the New Mexico Oil Conservation Division seeking approval of an unorthodox well location for its U.S.A. 20-1 Well in the Morrow and Atoka formations. This well is to be drilled at an unorthodox location 990 feet from the South line and 1100 feet from the East line of Section 20, Township 15 South, Range 28 East, N.M.P.M., Chaves County, New Mexico. The S/2 of Section 20 will be dedicated to this well.

This application has been set for hearing before an Examiner of the Oil Conservation Division on September 21, 1995. You are not required to attend this hearing, but as an owner of an interest that may be affected by the unorthodox well location, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging this matter at a later date.

Parties appearing in cases before the Division have been requested to file a Pre-hearing Statement substantially in the form prescribed by the Division (Oil Conservation Division Memorandum 2-90). Pre-hearing statements should be filed by 4:00 o'clock p.m., on the Friday before a scheduled hearing.

Very truly yours,

Failure to appear at that time and become a party of record will preclude you from challenging this matter at a later date.

Parties appearing in cases before the Division have been requested to file a Pre-hearing Statement substantially in the form prescribed by the Division (Oil Conservation Division Memorandum 2-90). Pre-hearing statements should be filed by 4:00 o'clock p.m., on the Friday before a scheduled hearing.

Re: Application of Medallion Production Company for an Unorthodox Well  
Location, Chaves County, New Mexico

Gentlemen:

This letter is to advise you that Medallion Production Company has filed the enclosed application with the New Mexico Oil Conservation Division seeking approval of an unorthodox well location for its U.S.A. 20-1 Well in the Morrow and Atoka formations. This well is to be drilled at an unorthodox location 990 feet from the South line and 1100 feet from the East line of Section 20, Township 15 South, Range 28 East, N.M.P.M., Chaves County, New Mexico. The S/2 of Section 20 will be dedicated to this well.

This application has been set for hearing before an Examiner of the Oil Conservation Division on September 21, 1995. You are not required to attend this hearing, but as an owner of an interest that may be affected by the unorthodox well location, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging this matter at a later date.

Parties appearing in cases before the Division have been requested to file a Pre-hearing Statement substantially in the form prescribed by the Division (Oil Conservation Division Memorandum 2-90). Pre-hearing statements should be filed by 4:00 o'clock p.m., on the Friday before a scheduled hearing.

Very truly yours,

WILLIAM F. CARR  
ATTORNEY FOR MEDALLION PRODUCTION COMPANY
