Santa Fe, New Mexico

Dear Mr. Catanach:

Thank you for allowing my concerns to be heard in Case 11403, Pogo's proposed waterflood project just east of WIPP. You informed me that my references to the BLM's map showing the distribution of potash resources in the Carlsbad Mining District and the position of the potash leases granted by the state of New Mexico would have to be followed up with some kind of exhibit. Please find enclosed copies of the relevant portions of the maps that were referenced.

Sincerely,

Dan Morehouse
Superintendent, Mine Engineering and Construction
