Dear Mr. LeMay:

This letter is to advise you the Shriners Hospitals for Crippled Children as a Mineral Interest Owner involved in NMOCD Case No. 11413 re scheduled for hearing on November 2, 1995; urges your support and approval based on the merits of the case.

As a Mineral Interest Owner we have reviewed the basis of the AMOCO Application and find it from an engineering/geological analysis to be both economical and in the best interest of conservation. We feel by authorizing the AMOCO Application the best interests of all parties are considered and can be protected.

We appreciate consideration of our request for support of what we feel is justification in resolving an important issue.

Sincerely,

Martin G. Browne,
Mineral Interest Advisor
