Re: SW/4 Section 11, 16S-36E
Lea County, New Mexico
Turtle Prospect

Dear Ms. Ponder:

We are proposing the drilling of the "SV" Chipshot #1 in the SW/4 of Section 11, T-16-S, R-36-E, Lea County, New Mexico. The legal location for the well is 2164' FSL and 1362' FWL and will be drilled to a depth of 12,000 feet to test the Atoka formation.

You have previously been extended an opportunity to lease your mineral rights by OMNI Oil Properties, who is acting on our behalf, and having not reached a lease agreement with you, we now request your participation in the above described well. Your election to participate shall be evidenced by your execution of an AFE and Joint Operating Agreement, naming Manzano as operator, and payment of your proportionate share of the drilling cost.

We would appreciate your notifying us as to your election on or before May 15, 1996 as we anticipate commencing the well in June 1996. Should you respond affirmatively, Manzano will provide a Joint Operating Agreement along with an invoice for your drilling cost.

Thank you for your attention to this matter.

Sincerely,

Kenneth Barbe, Jr.

Turtle Prospect

Ladies and Gentlemen:

We are proposing the drilling of the "SV" Chipshot #1 in the SW/4 of Section 11, T-16-S, R-36-E, Lea County, New Mexico. The legal location for the well is 2164' FSL and 1362' FWL and will be drilled to a depth of 12,000 feet to test the Atoka formation.

You have previously been extended an opportunity to lease your mineral rights by OMNI Oil Properties, who is acting on our behalf, and having not reached a lease agreement with you, we now request your participation in the above described well. Your election to participate shall be evidenced by your execution of an AFE and Joint Operating Agreement, naming Manzano as operator, and payment of your proportionate share of the drilling cost.

We would appreciate your notifying us as to your election on or before May 15, 1996 as we anticipate commencing the well in June 1996. Should you respond affirmatively, Manzano will provide a Joint Operating Agreement along with an invoice for your drilling cost.

Thank you for your attention to this matter.

Sincerely,

Kenneth Barbe, Jr.

Re: SW/4 Section 11, 16S-36E
Lea County, New Mexico
Turtle Prospect

Dear Mr. Brown:

We are proposing the drilling of the "SV" Chipshot #1 in the SW/4 of Section 11, T-16-S, R-36-E, Lea County, New Mexico. The legal location for the well is 2164' FSL and 1362' FWL and will be drilled to a depth of 12,000 feet to test the Atoka formation.

You have previously been extended an opportunity to lease your mineral rights by OMNI Oil Properties, who is acting on our behalf, and having not reached a lease agreement with you, we now request your participation in the above described well. Your election to participate shall be evidenced by your execution of an AFE and Joint Operating Agreement, naming Manzano as operator, and payment of your proportionate share of the drilling cost.

We would appreciate your notifying us as to your election on or before May 15, 1996 as we anticipate commencing the well in June 1996. Should you respond affirmatively, Manzano will provide a Joint Operating Agreement along with an invoice for your drilling cost.

Thank you for your attention to this matter.

Sincerely,

Kenneth Barbe, Jr.

Turtle Prospect

Dear Ms. Gee:

We are proposing the drilling of the "SV" Chipshot #1 in the SW/4 of Section 11, T-16-S, R-36-E, Lea County, New Mexico. The legal location for the well is 2164' FSL and 1362' FWL and will be drilled to a depth of 12,000 feet to test the Atoka formation.

You have previously been extended an opportunity to lease your mineral rights by OMNI Oil Properties, who is acting on our behalf, and having not reached a lease agreement with you, we now request your participation in the above described well. Your election to participate shall be evidenced by your execution of an AFE and Joint Operating Agreement, naming Manzano as operator, and payment of your proportionate share of the drilling cost.

We would appreciate your notifying us as to your election on or before May 15, 1996 as we anticipate commencing the well in June 1996. Should you respond affirmatively, Manzano will provide a Joint Operating Agreement along with an invoice for your drilling cost.

Thank you for your attention to this matter.

Sincerely,

Kenneth Barbe, Jr.
