and an Unorthodox Well Location, Lea County, New Mexico

Dear Ms Smith:

This letter is to advise you that Manzano Oil Corporation has filed the enclosed amended application with the New Mexico Oil Conservation Division seeking the force pooling of certain mineral interests in and under the SW/4 of Section 11, Township 16, South, Range 36 East, N.M.P.M., Lea County, New Mexico. Manzano Oil Corporation proposes to dedicate the referenced pooled unit to its "SV" Chipshot Well No. 1 to be drilled at an unorthodox location 2164 feet from the South line and 1362 feet from the West line in the SW/4 of Section 11.

This application has been set for hearing before a Division Examiner on May 16, 1996. You are not required to attend this hearing, but as an owner of an interest that may be subject to pooling, or otherwise affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Dear Mr. Cox:

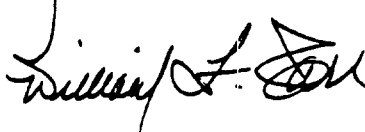

This letter is to advise you that Manzano Oil Corporation has filed the enclosed amended application with the New Mexico Oil Conservation Division seeking the force pooling of certain mineral interests in and under the SW/4 of Section 11, Township 16, South, Range 36 East, N.M.P.M., Lea County, New Mexico. Re: Amended Application of Manzano Oil Corporation for Compulsory Pooling  
and an Unorthodox Well Location, Lea County, New Mexico

Dear Mr. Beardsley:

This letter is to advise you that Manzano Oil Corporation has filed the enclosed amended application with the New Mexico Oil Conservation Division seeking the force pooling of certain mineral interests in and under the SW/4 of Section 11, Township 16, South, Range 36 East, N.M.P.M., Lea County, New Mexico. Manzano Oil Corporation proposes to dedicate the referenced pooled unit to its "SV" Chipshot Well No. 1 to be drilled at an unorthodox location 2164 feet from the South line and 1362 feet from the West line in the SW/4 of Section 11.

This application has been set for hearing before a Division Examiner on May 16, 1996. You are not required to attend this hearing, but as an owner of an interest that may be subject to pooling, or otherwise affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Dear Ms Deaderick:

This letter is to advise you that Manzano Oil Corporation has filed the enclosed amended application with the New Mexico Oil Conservation Division seeking the force pooling of certain mineral interests in and under the SW/4 of Section 11, Township 16, South, Range 36 East, N.M.P.M., Lea County, New Mexico. Manzano Oil Corporation proposes to dedicate the referenced pooled unit to its "SV" Chipshot Well No. 1 to be drilled at an unorthodox location 2164 feet from the South line and 1362 feet from the West line in the SW/4 of Section 11.

This application has been set for hearing before a Division Examiner on May 16, 1996. You are not required to attend this hearing, but as an owner of an interest that may be subject to pooling, or otherwise affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Dear Mr. and Mrs. Roulston:

This letter is to advise you that Manzano Oil Corporation has filed the enclosed amended application with the New Mexico Oil Conservation Division seeking the force pooling of certain mineral interests in and under the SW/4 of Section 11, Township 16, South, Range 36 East, N.M.P.M., Lea County, New Mexico. Re: Amended Application of Manzano Oil Corporation for Compulsory Pooling  
and an Unorthodox Well Location, Lea County, New Mexico

Dear Mr. and Mrs. Schellinger:

This letter is to advise you that Manzano Oil Corporation has filed the enclosed amended application with the New Mexico Oil Conservation Division seeking the force pooling of certain mineral interests in and under the SW/4 of Section 11, Township 16, South, Range 36 East, N.M.P.M., Lea County, New Mexico. Manzano Oil Corporation proposes to dedicate the referenced pooled unit to its "SV" Chipshot Well No. 1 to be drilled at an unorthodox location 2164 feet from the South line and 1362 feet from the West line in the SW/4 of Section 11.

This application has been set for hearing before a Division Examiner on May 16, 1996. You are not required to attend this hearing, but as an owner of an interest that may be subject to pooling, or otherwise affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.
