December 15, 1995

Dear Resident:

This is notification of a centralized landfarm proposal of five acres for remediation of "non-hazardous" oil field waste at the current Sunco disposal located at Section 2, Township 29 North, Range 12 West, NMPM, San Juan County, New Mexico. The current soil is being trucked to Tierra Environmental for remediation. The proposal will allow all generated waste to remain at the Sunco facility for treatment. All free liquid will be eliminated and soil spread on designated cells in six inch lifts for diskings to maintain proper aeration and moisture.

Any person interested in obtaining further information may contact the; Director of the Oil and Gas Division, 2040 S. Pacheco, Santa Fe, New Mexico 87505, telephone # 505-827-7131 or Sunco Trucking Company 708 S. Tucker, Farmington, New Mexico 87401
Attn: Chuck Badsguard.

Thank You,

Chuck Badsguard
