Case No. 11578 Exhibit No. 3

Submitted by: Enron Oil & Gas Company

July 22,

Hearing Date: July 25, 1996

OXY USA INC.
P. O. Box 50250
Midland, Texas 79710

Attention: Mr. T. Kent Woolley

Re: Requested changes to OXY's Farmout
Agreement dated May 15, 1996,
S/2 of Section 32, T-17-S, R-30-E,
Eddy County, New Mexico
Sand Tank "32" State Com #1
OXY No. 6-3012389/3012389
EOG's Sand Tank Prospect
K0012169

Dear Mr. Woolley:

Please be advised that Enron Oil & Gas Company is willing to accept OXY's form of agreement, with the requested following changes:

1. **Page 2 - 2. (d) and Page 3 - 5. (c)** - correct the "thirty percent (30%)" to "twenty-five (25%)" to reflect the agreed to back-in.
2. **Page 4 - 7. and Exhibit B - 3.** - add the words "or lands pooled or communitized therewith." to the end of the paragraphs.
3. **Page 5 -**

12. (b) - delete the words "name OXY as an additional insured under items (3) and (4) above and further agrees"

12. (c) - delete the words "additional insured".

Add the following language as 12. (e):

"In the event Enron Oil & Gas Company assigns its interest in this Agreement and Assignment earned pursuant hereto, such assignment shall not be valid until Enron Oil & Gas Company's assignee provides a Certificate of Insurance satisfactory to OXY certifying the above coverage and naming OXY as additional insured with a waiver of subrogation."

4. **Page 6 - 15. (a)** - in the third line after the word "desired", add "by not less than thirty (30) days advance written notice,"
5. **Exhibit "C" - 3.** - change "2000 ft." to "4000 ft."

Page Two
Mr. T. Kent Woolley
July 22, 1996

6. **Exhibit "D"** - delete in its entirety and replace with the attached Operating Agreement dated June 20, 1996 being utilized by the joining parties in the drilling of the referenced well.

If the above changes are acceptable, it is requested that same be made and substitution pages be sent Enron to insert in the two originals.

Should you have any questions, please feel free to call me at (915) 686-3758.

Sincerely,

ENRON OIL & GAS COMPANY

660' FSL & 1980' FWL Section 32,
S/2 Section 32 Proration Unit
Township 17 South, Range 30 East
Eddy County, New Mexico
EOG's Sand Tank Prospect

Dear Mr. Woolley:

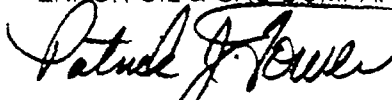

Enron Oil & Gas Company (Enron) proposes to drill the Sand Tank "32" St. Com No. 1 well as an 11,800' Lower Morrow test at a location 660' FSL and 1980' FWL of Section 32, T17S, R30E, Eddy County, New Mexico. In this regard please find two (2) AFEs covering this test. Please execute and return one (1) copy should you elect to participate.

In the event you do not choose to participate, Enron would request a Farmout for the drilling of this well on your interest covering all of Section 32. General terms would provide for delivering Enron a 75% NRI with the retained ORRI convertible to a 25% back-in at payout and a 180 day continuous development clause to drill the remaining tract under the same terms for the subsequent well.

Enron looks forward to a favorable response to our proposal. Should there be any questions concerning this matter, please call me at (915) 686-3758.

Sincerely,

ENRON OIL & GAS COMPANY

Township 17 South, Range 30 East,
Eddy County, New Mexico
Sand Tank "32" State Com. No. 1 Well
Sand Tank Prospect
K0012160

Dear Mr. Strawn:

In accordance with recent telephone conversations, enclosed are two originals of the subject Farmout Agreement dated June 20, 1996. We ask that you execute these Farmout Agreements, have your signature notarized and return one fully executed copy to the undersigned as soon as possible. Upon return of our executed copy we will have it executed by Mr. Thomas and send you a copy.

I have not been able to research Fair's interest in the tract offsetting Enron's Cedar lake well to my satisfaction and will address this when I return to the office on June 27th. In the mean time you are welcome to hold the Farmout pending its review. A quick glance would indicate Enron ended up on a 320 acre basis with 4% in the Anadarko well as a result and 25% of the deep rights below 11,478'.

Also as discussed, the following Fair entities show up with the title that we are crediting Fair Oil, Ltd. in this Farmout. If you could provide the curative placing this into Fair Oil, Ltd. we would appreciate it. These entities are:

Page 2
Mr. J. Mark Strawn
Fair Oil, Ltd.
June 21, 1996

Trustees of Fair Foundation
Trustees of Fair Relatives Trust
Trustees of Fair Grandchildren's Trust
Trustees of Fair Key Employees Trust

Re: Sand Tank "32" ST. Com No. 1

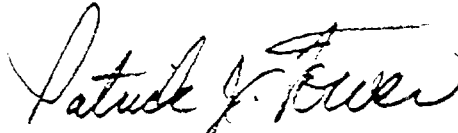

Dear Jack:

Following our conversation enclosed please find excerpts from Hinkle, Cox's title opinion showing the Frieda C. Heflin's interest. Also, following our conversation and the original farmin offer, please be advised that Enron would accept an escalation in the ORRI after payout (APO) in lieu of the 25% back-in based on delivering Enron a 70% NRI APO. This would give the Heflin heirs a 10% gross override APO, all subject to proportionate reduction to their leasehold and proration unit interest.

Please advise if this alternative is acceptable.

Sincerely,

MESSAGE: Following the conversation with Mr. Jim McMichael, here is a copy of Enron's well
proposal and AFE. According to our records you own a 6.25% WI (5% NRI) in
the SE/4 SW/4 of Section 32 below 3,225 feet. As the well will encompass 320 acre
spacing your interest in the well is 0.78125% WI (0.625% NRI).
It is our understanding that you will forward a copy of this proposal to your brother, Tom
Bryan in Arlington, VA.. If you would prefer that Enron send him a proposal, please let us
know where to send it.
Your earliest election is most appreciated. Most parties have all made their elections.
As we have been trying to locate your interest we did not get a proposal to you earlier.
A Force Pooling has been filed for July 25, 1996 to cover the small interests we have
been unable to locate.
Should you have any questions, please feel free to call me at (915) 686-3758.
Hard copies will be mailed.

Re: Sand Tank "32" St. Com No. 1 Well
660' FSL & 1980' FWL Section 32,
S/2 Section 32 Proration Unit
Township 17 South, Range 30 East
Eddy County, New Mexico
EOG's Sand Tank Prospect

Gentlemen:

Enron Oil & Gas Company (Enron) proposes to drill the Sand Tank "32" St. Com No. 1 well as an 11,800' Lower Morrow test at a location 660' FSL and 1980' FWL of Section 32, T17S, R30E, Eddy County, New Mexico. In this regard please find two (2) AFEs covering this test. Please execute and return one (1) copy should you elect to participate.

In the event you do not choose to participate, Enron would request a Farmout for the drilling of this well on your interest covering all of Section 32. General terms would provide for delivering Enron a 75% NRI with the retained ORRI convertible to a 25% back-in at payout and a 180 day continuous development clause to drill the remaining tract under the same terms for the subsequent well.

Enron looks forward to a favorable response to our proposal. Should there be any questions concerning this matter, please call me at (915) 686-3758.

Sincerely,

ENRON OIL & GAS COMPANY

Mr. and Mrs. Carl Hutchinson
42 Wood Creek Drive
Wimberley, Texas 78676-3342

Re: Sand Tank "32" St. Com No. 1 Well
660' FSL & 1980' FWL Section 32,
S/2 Section 32 Proration Unit
Township 17 South, Range 30 East
Eddy County, New Mexico
EOG's Sand Tank Prospect

Dear Mr. and Mrs. Hutchinson:

Following our conversation, enclosed please find a plat depicting in red the planned spacing unit for Enron's well. Mrs. Hutchinson's ownership falls in the acreage colored in yellow. The ownership is as follows:

		<u>W.I.</u>	<u>N. R. I.</u>
Tract 1:	N/2 SE/4 (80 acres)	1.684064%	1.347252%
Tract 2:	N/2 SW/4 (80 acres)	0.842032%	0.673626%
Tract 3:	S/2 NW/4 (80 acres)	0.842032%	0.673626%

Noting that Tract 1 and 2 above are in the spacing unit for the planned well with each contributing 25% of the spacing unit (80 acres ÷ 320 acres), your interests are reduced to the 25% they represent as follows:

Tract 1:	1.684064% X .25 = 0.421016%	1.347252% X 25% = 0.336813%
Tract 2:	0.842032% X .25 = <u>0.210508%</u>	0.673626% X 25% = <u>0.168407%</u>
Total in Well	W.I. <u>0.631524%</u>	N.R.I. <u>0.505220%</u>

Thus, if you joined this well your share of costs based on Enron's estimated well costs would be:

0.631524%	W.I.	X	\$518,100	=	\$3,271.93	Dry Hole Exposure
0.631524%	W.I.	X	\$871,600	=	\$5,504.36	Completed Well

Should you farmcut delivering a 75% NRI with the option to convert at payout your interests would be as follows:

A. Before 100% Payout of Well:

$$\begin{aligned} .505220\% \text{ N.R.I.} / .631524\% \text{ W.I.} &= 80\% \text{ Avg. N.R.I.} \\ &\quad \underline{-75\% \text{ To Enron}} \\ &\quad \text{Retain } 5\% \text{ ORRI} \end{aligned}$$

$$5\% \text{ O.R.R.I.} \times .631524\% \text{ W.I.} = \underline{.0315762\% \text{ Net ORRI}}$$

B. After 100% Payout of Well: (If elect to convert ORRI)

$$\begin{aligned} .631524\% \text{ WI} \times 25\% &= \underline{.157881\% \text{ W.I.}} \\ @ 80\% \text{ N.R.I.} &= \underline{.1263048\% \text{ N.R.I.}} \end{aligned}$$

Under this farmout option you will not bear any of the risk dollars of a dry hole but will own an overriding royalty share of production should the well prove successful. If it reaches payout you could come back in with a working interest should you choose.

Under the Farmout Enron is including your acreage in the S/2 NW/4, however Enron will be required to drill a second well in the N/2 within 180 days after the referenced well or the S/2 NW/4 acreage will no longer be committed.

As these are such small interests, Enron would also present you a third option of you granting an assignment of your interest with you retaining the 5% gross ORRI. Under this scenario you will have no risk dollars of a dry hole and will retain a share of production from the well if successful (5% ORRI X your .631524% WI = .0315762% Net ORRI). This would avoid you having to keep track of all invoicing and paperwork associated with having a working interest through joining or after payout if you farmed out.

I have enclosed an assignment filed in the title records which depicts your family's various ownership as you requested.

As we would like to proceed with this project we would request that you advise of your decision as soon as possible. Please call me at (915) 686-3758 should you have questions.

Yours very truly,

ENRON OIL & GAS COMPANY

660' FSL & 1980' FWL Section 32,
S/2 Section 32 Proration Unit
Township 17 South, Range 30 East
Eddy County, New Mexico
EOG's Sand Tank Prospect

Dear Ms. Collins:

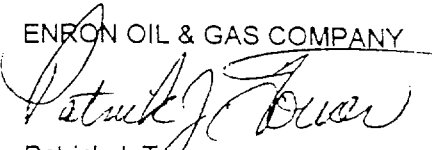

Enron Oil & Gas Company (Enron) proposes to drill the Sand Tank "32" St. Com No. 1 well as an 11,800' Lower Morrow test at a location 660' FSL and 1980' FWL of Section 32, T17S, R30E, Eddy County, New Mexico. In this regard please find two (2) AFEs covering this test. Please execute and return one (1) copy should you elect to participate.

In the event you do not choose to participate, Enron would request a Farmout for the drilling of this well on your interest covering all of Section 32. General terms would provide for delivering Enron a 75% NRI with the retained ORRI convertible to a 25% back-in at payout and a 180 day continuous development clause to drill the remaining tract under the same terms for the subsequent well.

Enron looks forward to a favorable response to our proposal. Should there be any questions concerning this matter, please call me at (915) 686-3758.

Sincerely,

ENRON OIL & GAS COMPANY

Probate
Santa Fe County, New Mexico

Via Facsimile 915-686-3773

Dear Pat,

As per your request, we have run the general indices, county probate records, and the district court Probates records of Santa Fe County, New Mexico in search of a probate filec. for either J. R. Cole and or Audrey S. Cole. We found a few Warranty Deeds into and out of these parties that were 1958 - 1960 vintage, but found no other entries pertinent to same. If we can be of any further assistance to you regarding this matter, please advise.

Sincerely

MEMO

To: Mr. Patrick J. Tower
Enron Oil & Gas Company
From: Jim R. McMichael
Date: July 15, 1996
Subject: Efforts made to Locate J.R. Cole and Albert Sydney Johnson their heirs or
Assigns:

I in compliance with your instructions I did a take-off of the mineral and/or Leasehold interest in Section 32, T-17-S, R-30-E, Eddy County, New Mexico based On the County Records of Eddy County, New Mexico, and in addition to developing the Interest of the owners to develop the addresses as to where said parties could be Contacted. In addition to the Eddy County records I was furnished take-offs prepared By the Federal Abstract Company.

Two of the tracts involved, being the N/2SE/4 and the N/2SW/4 of said section 32. These two tract were covered by State of New Mexico Lease No. B-4108, and by an Assingment dated April 1, 1940 J.R. Cole and Sidney Johnson (there is an affidavit of Record that Albert S, Albert Sidensy and Sidney Johnson are all and the same person) acquired a jointly owned 1/18th interest in the said lease insofar as it covered the N/2SE/4 of Sec. 32 no addresses for these parties appeared on the assingment and the Assignor is now Deceased.. By an unrecorded Unit Agreement dated March 19, 1947 all the parties to the Above assignment agreed that the N/2SE/4 would be unitized with the N/2SW/4 of said sec. And that Mr Cole and Johnson would have an undivided joint interest of 1/36th in the N/2SW/4. A copy of this agreement was obtained from Mr. Doug Lunsford.

As to the interest of Albert Sidney Johnson: from a later assignment he made to Lee Mcore of 1/2 of his interest he was acknowledged in Dallas County, Tx. A check of a current Dallas telephone directory did not show a listing for he or his wife Clara Gribbble Johnson. Due to the time since he acquired his interest a check was made of the Dallas County Probate Records and we were able to acquire copies of the probate proceedings for both he and his Wife. His wife pre-deceased him and left all to him if living if not to her father Robert Gribble. His will left everything to Thelma Richards no address shown. We attempted to locate the attorney who handled the probate; however he is not listed as an attorney in The Dallas directory nor does he have a personal listing.. When then checked the Dallas Area for Robert Gribble, Mrs Johnson's father, and found a Robert Gribble Jr. He said that Mr. Johnson was his Uncle and that Thelma Richards was Mr. Johnson's nurse and he did ~~not~~ know where she was. He could not give me anyone to contact who might know.

As to the interest of J.R. Cole; By an assingment of the shall ^{own} rights he and his wife Audrey S. Were acknowledged in Santa Fe County, New Mexico. A check of information and

Probate recods of Santa Fe County did reveal any information. We were given some Information that they might have lived in Albuquerque, NM. A check there both Information and probate did not reveal anything.

I ran both names thru the Grantor-Grantee Indexes of Eddy County, New Mexico From the time they acquired their interest thru June 1996 without obtaining and new Information.

CERTIFIED MAIL - RETURN RECEIPT

Carl F. Hatch
101 S. Front #9
Rio Vista, California 94751

Re: Sand Tank "32" St. Com No. 1 Well
660' FSL & 1980' FWL Section 32,
S/2 Section 32 Proration Unit
Township 17 South, Range 30 East
Eddy County, New Mexico
EOG's Sand Tank Prospect

Dear Mr. Hatch:

Enron Oil & Gas Company (Enron) proposes to drill the Sand Tank "32" St. Com No. 1 well as an 11,800' Lower Morrow test at a location 660' FSL and 1980' FWL of Section 32, T17S, R30E, Eddy County, New Mexico. In this regard please find two (2) AFEs covering this test. Please execute and return one (1) copy should you elect to participate.

In the event you do not choose to participate, Enron would request a Farmout for the drilling of this well on your interest covering all of Section 32. General terms would provide for delivering Enron a 75% NRI with the retained ORRI convertible to a 25% back-in at payout and a 180 day continuous development clause to drill the remaining tract under the same terms for the subsequent well.

Enron looks forward to a favorable response to our proposal. Should there be any questions concerning this matter, please call me at (915) 686-3758.

Sincerely,

ENRON OIL & GAS COMPANY
