Re: Application dated November 3, 1998 for administrative approval for the recompletion of the existing A. J. Adkins Well No. 11 (API No. 30-025-33777) at an unorthodox oil well location 1500 feet from the North line and 2266 feet from the West line (Unit F) of Section 10, Township 21 South, Range 36 East, NMPM, Oil Center-Blinbry Pool, Lea County, New Mexico.

Dear Ms. Harper:

My records of pending applications indicated that the Division was still waiting response to a letter dated November 16, 1998 for additional data. In reviewing the Division's records I show from a sundry notice (Form C-103) filed by Exxon in December, 1998 (see copy attached) that the planned recompletion work will not be preformed; therefore, your application for an unorthodox oil well location in the Oil Center-Blinbry Pool for Exxon's A. J. Adkins Well No. 11 is hereby withdrawn and is being returned to you at this time.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael E. Stogner".
