Subject: Directional Drilling Rule Changes
Date: Friday, November 22, 1996 5:54PM

Frank, Roy, Jerry, Tim:

Each of you will be receiving very shortly from Mr. Rick Foppiano, Industry Chairman of the "Rule 111 Work Group" (WG), a copy of proposed rule changes to the directional drilling procedures. Please review thoroughly and have comments ready, a presentation (I'm told that is most enjoyable and extraordinary) by this WG will be presented to the Division on Monday, December 2, 1996 at Santa Fe in the Division's Hearing Room. At that time questions will be entertained and additional comments will be received. If anyone of you can not make this primer event, it would be greatly appreciated if you could have a representative present.

We think your going to like these changes.

This proposal is still in the development stages and I am asking that it not be distributed outside of the agency at this time.

Again, please read carefully, have questions and comments ready for the December showing, and be patent
