Re: Application of Odessa Oil Investments, Inc.
Case No. 11839 (*de novo*)

Dear Mr. Bruce:

By letter dated February 8, 1999 you requested a continuance of the above-entitled case until the Oil Conservation Commission hearing in April of 1999. The application for a *de novo* hearing was filed in November of 1997 and was first set for hearing on April 9, 1998. At your request, the case was continued to the following hearing date and has been continued since that setting. This case will be continued indefinitely and not appear on the Commission docket until such time that you contact the Commission with a request for a setting.

Best regards,

Lori Wrotenbery
Director
