

BEFORE THE NEW MEXICO OIL CONSERVATION DIVISION

APPLICATION OF EXXON CORPORATION
FOR LEASE COMMINGLING, LEA COUNTY,
NEW MEXICO.

No. 11904

APPLICATION

Exxon Corporation hereby applies for an exception to Division Rule 309 to permit lease commingling, as described further below:

1. Applicant is the operator of the A.J. Adkins Lease, which covers the W $\frac{1}{2}$ of Section 10, Township 21 South, Range 36 East, NMPM. Ownership of the lease varies: The well unit for the Blinebry Oil Com. Well No. 1, covering the N $\frac{1}{2}$ NW $\frac{1}{4}$ of Section 10, has different ownership than the S $\frac{1}{2}$ NW $\frac{1}{4}$ and SW $\frac{1}{4}$ of Section 10.

2. Applicant proposes to commingle Oil Center-Blinebry Pool production from up to four (4) wells located on the subject lease and lands in a common tank battery to be located in the W $\frac{1}{2}$ of Section 10, without separately metering production, by allocating production to each well and to each portion of the lease on the basis of monthly well tests.

3. Notice of this application has been given to all leasehold interest owners, by certified mail.

4. The granting of this application is in the interests of conservation, the prevention of waste, and the protection of correlative rights.

WHEREFORE, applicant requests that the Division approve lease commingling of Oil Center-Blinebry Pool production from the above-described lease and lands.

Respectfully submitted,
