Re: *Application of John H. Hendrix Corporation for Compulsory Pooling and  
an Unorthodox Well Location, Lea County, New Mexico*

Dear Mr. and Mrs. Hansen:

This letter is to advise you that John H. Hendrix Corporation has filed the enclosed application with the New Mexico Oil Conservation Division seeking the force pooling of all mineral interests from 7000 feet (approximate top of the Abo formation) to the base of the Strawn formation in the E/2 NW/4 for all formations developed on 80-acre spacing, including the Cass Pennsylvanian Pool, and in the NE/4 NW/4 for all formations developed on 40-acre spacing of Section 16, Township 20 South, Range 37 East, NMPM, Lea County, New Mexico. John H. Hendrix Corporation proposes to dedicate the referenced pooled units to the Wood State Well No. 4 to be drilled at a location 660 feet from the North line and 2310 feet from the West line of Section 16 or, in the alternative, to the Conoco State CC-16 Well No. 1 which will be re-entered at a location 330 feet from the North line and 2080 feet from the West line of Section 16.

This application has been set for hearing before a Division Examiner on August 6, 1998. You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.
