1 WHEREUPON, the following proceedings were had at
2 3:20 p.m.:

3 EXAMINER STOGNER: This hearing will come to
4 order. I'll call Case Number 12,007, which is the
5 Application of Chesapeake Operating, Inc., for compulsory
6 pooling and directional drilling, Lea County, New Mexico.

7 At this time I'll call for appearances and/or
8 statements.

9 MR. KELLAHIN: Mr. Examiner, I'm Tom Kellahin of
10 the Santa Fe law firm of Kellahin and Kellahin. I
11 represent the Applicant, Chesapeake Operating Company.

12 EXAMINER STOGNER: Any other appearances?

13 MR. CARR: May it please the Examiner, my name is
14 William F. Carr with the Santa Fe law firm Campbell, Carr,
15 Berge and Sheridan. We represent Bahlburg Exploration in
16 this matter.

17 EXAMINER STOGNER: Any other appearances?

18 Okay, Mr. Kellahin, could you bring me up to date
19 on this or --

20 MR. KELLAHIN: Yes, sir. I've lost of my days
21 this week, but I think it was on Tuesday, I received a
22 phone call from Mike Hazlip, indicating that he had
23 believed that on behalf of his company, Chesapeake, that he
24 had reached a settlement with Mr. Bahlburg and that he was
25 waiting for confirmation of that issue.

1 I called Mr. Carr the next morning. He found out
2 from his client the same information I was hearing from my
3 client.

4 Neither one of us have received written
5 confirmation of this, but based upon the mutual
6 representations by both parties, I'm prepared to dismiss
7 the Chesapeake Application.

8 It has a directional drilling component to it,
9 which had been started with Chris Williams in the District
10 as an administrative application under Rule 111. We will
11 still need the approval of that Application, but I believe
12 the dismissal of the hearing case does not preclude us from
13 going forward and having the Division issue an
14 administrative order for the directional wellbore.

15 The compulsory pooling issue is resolved because
16 the parties have agreed to some configuration of the
17 spacing unit and commitment of the working interest owners.
18 My understanding is, the units are going to stay as
19 standups, but there is some comprehensive agreement for
20 settlement, and based upon those representations, then, we
21 would ask you to dismiss the Chesapeake case.

22 EXAMINER STOGNER: Mr. Carr?

23 MR. CARR: Mr. Stogner, I can't add much to what
24 Mr. Kellahin has already stated. I've been advised by
25 Bahlburg that they have reached an agreement with

1 Chesapeake. That, coupled with the fact that no one showed
 2 up for hearing, suggests to me that they, in fact, have a
 3 settlement. Having not seen it, however, I do believe that
 4 it's appropriate to dismiss the case and to proceed with
 5 approving the directional drilling portion of the
 6 Chesapeake case with an administrative application.

7 EXAMINER STOGNER: With the appearance of Mr.
 8 Kellahin and Mr. Carr as respective legal counsels for the
 9 Applicant and for Bahlburg Exploration, Case Number 12,007
 10 will be dismissed at this time, and Chesapeake Operating
 11 will be able to seek such relief pursuant to Rule 111 for
 12 its directional drilling proposal.

13 Case 12,007 is dismissed.

14 (Thereupon, these proceedings were concluded at
 15 3:23 p.m.)
