Re: Case No. 12039 continued from October 8, 1998
Examiner Hearing January 31, 1999

TO WHOM IT MAY CONCERN:

We have enclosed herewith letter from Willow Pipeline Company forwarding notice and receipt of transfer of operations in Chaves County, New Mexico from The Harlow Corporation to Willow Pipeline Company as evidenced by "Request for Allowable and Authorization to Transport" (C-104) filed for all properties previously operated by The Harlow Corporation and sold to Willow Pipeline Company effective March 1, 1996, and approved by Oil Conservation Division 10/5/98, which approval predates the original hearing for the subject case of 10/8/98, and removes The Harlow Corporation and its bonding company from consideration or performance in the operations considered under said case.

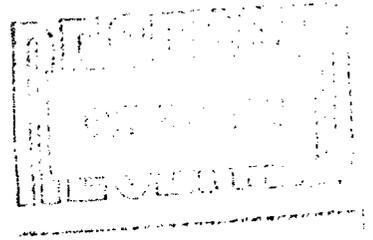

We would expect this statement of facts amply answers any questions with regard to the foregoing matter as to The Harlow Corporation and its bonding company in the forthcoming hearing on January 21, 1999, and expect that we would be relieved of any further involvement in said case.

Sincerely,

THE HARLOW CORPORATION

W. V. Harlow, Jr.

Willow Pipeline Company

Re: C-104's New Mexico

Dear Mr. Harlow;

Please find enclosed the C-104's that have approved the transfer of operator in Chavez County, New Mexico, from the Harlow Corporation to Willow Pipeline. This should release your bonding company as well.

Sincerely,

Gary Millspaugh
