Re: **Oil Conservation Division Case No. 12023³⁴:**
Application of Matador Petroleum Corporation for approval of an
unorthodox gas well location and to amend Order No. R-10872-B to
approve a standard 600.01-acre gas spacing and proration unit, Eddy
County, New Mexico

Dear Ms. Wrotenbery:

Enclosed is a copy of our Entry of Appearance in the above-referenced case which we have filed for Texaco Exploration and Production Inc.

On August 25th, Texaco filed its application for compulsory pooling of acreage in Section 1, Township 21 South, Range 25 East, NMPM, Eddy County, New Mexico. The Texaco application will be set for hearing on September 17, 1998.

Since the Matador application in Case No. 12023³⁴ and the Application of Texaco involve some of the same acreage and since the approval of one application will result in the denial of the other, Texaco requests that Case 12023³⁴ be continued to the Examiner hearing scheduled for September 17, 1998 and that the cases be consolidated at the time of hearing.

I have contacted W. Thomas Kellahin, Esq. concerning this request for continuance and he advises that he will confer with his client concerning this request and advise.
