Case 12125

Gentlemen:

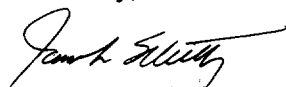

Gothic Production Corporation, of Tulsa Oklahoma, desires to drill a location in the SE4 of Section 30, Township 5 South, Range 25 East, NMPM. (See Attachment "A") Due to geological and drainage concerns, Goth is requesting an unorthodox status.

This location was chosen because of geological data from the surrounding wells. It is the opinion of Gothic Production that is location would be the best economical and productive location to drill in the SE/4. (See Attachment "B") All minerals surrounding this proration unit are leased to Gothic Production Corp.

Therefore, Gothic Production Corp. requests that the O.C.D. approve the unorthodox location at 2475' FSL & 1495' FEL, Section 30, Township 5 South, Range 25 East, NMPM.

Your consideration of the request is appreciated.

Sincerely,

James L. Schultz
Agent for Gothic Production Corp.
