VIA FACSIMILE

Dear Mr. Carroll:

Faxed herewith are copies of two of the applications we discussed yesterday by Williams Production Company to the Division for administrative approval of non-standard gas units. Also faxed herewith is a copy of Mr. Stogner's response to the applications. Mr. Stogner advised me yesterday that three of Williams' applications are scheduled for hearing on August 19 as Cases No 12226, 12227 and 12228.

Williams believes that it is clear under Rule 104(D)(2) that its applications may be approved administratively without a hearing.

Please let me know if you have questions. I look forward to your response.

Yours very truly,

RODEY, DICKASON, SLOAN, AKIN & ROBB, P.A.

Re: Non-Standard Gas Unit
Williams Production Company
Rosa Unit #164A
1495' FSL, 1210' FEL
Section 1, T31N R6W
Rio Arriba, NM
Blanco Mesa Verde

Dear Ms. Wrotenbery,

This is a request on behalf of Williams Production Company for administrative approval for a non-standard gas unit in the Blanco Mesa Verde pool for the referenced well. The proposed spacing unit is south half of Section 1, T31N, R6W, which is 303.88 acres due to a variation in the legal subdivision of the U.S. Public Land Surveys.

As the Unit Operator of the Rosa Unit, Williams Production is the only offset operator. Attached is a plat indicating the well location and proposed spacing unit.

Thank you for your consideration and approval of this application. If you have any questions please do not hesitate to call upon me.

Sincerely,

Paul C. Thompson, P.E.

Attention: Paul C. Thompson

Re: *Administrative application to establish a non-standard 303.88-acre gas spacing and proration unit within the Blanco-Mesaverde Pool comprising all of irregular Section 1, Township 31 North, Range 6 West, NMPM, Rio Arriba County, New Mexico.*

Dear Mr. Thompson:

The applicable rules governing the Blanco-Mesaverde Pool do not allow this type of non-standard unit to be processed administratively [see Division Order No. R-10987-A and Division Rule 104.D (2)]. However, I have caused this application to be placed on the next available examiner's hearing docket and have it advertised in the following manner:

*"Application of Williams Production Company for a non-standard gas proration, Rio Arriba County, New Mexico. Applicant seeks to establish a non-standard 303.88-acre gas spacing and proration unit within the Blanco-Mesaverde Pool comprising all of irregular Section 1, Township 31 North, Range 6 West, which is located approximately 5.5 miles south of the New Mexico/Colorado state line at mile corner marker No. 240. Blanco-Mesaverde gas production from both the Williams Production Company's (i) Rosa Unit Well No. 164 (API No. 30-039-26151), located on the surface 1500 feet from the South line and 1310 feet from the East line (Unit J) of Section 1; and (ii) Rosa Unit Well No. 164-A (API No. 30-039-26080), located 1495 feet from the South line and 1210 feet from the East line (Unit J) of Section 1, is to be dedicated to this unit. **IN THE ABSENCE OF OBJECTION, THIS APPLICATION WILL BE TAKEN UNDER ADVISEMENT.**"*

I anticipate that an order can be issued at that time without any further information or involvement by Williams Production Company.
