Brookhaven Com #8 (W/2 Mesaverde & NW/4 Chacra)
 Brookhaven Com #8A (W/2 Mesaverde & SW/4 Chacra)
 W/2 Section 36, T27N, R8W
 San Juan County, New Mexico

DATE:	EVENT:
July 30, 1998	Burlington mails letter with election ballot proposing the Brookhaven Com #8 as Mesaverde/Chacra new drill to all working interest owners in proposed well. Attached to proposal letter is Burlington's AFE and new Joint Operating Agreement dated July 29, 1998, covering proposed well.
August 4, 1998	Cheryl Potenziani elects to participate in the proposed well and signs the Joint Operating Agreement dated July 29, 1998.
August 14, 1998	NationsBank as agent for eight (8) working interest owners (see list of owners below) elects to be carried in the proposed well under the terms of GLA-46 agreement dated November 27, 1951.
August 24, 1998	Total Minatome Corporation elects to participate in the proposed well under the terms of GLA-46 agreement dated November 27, 1951.
August 26, 1998	Cross Timbers Oil Company elects to participate unconditionally in the proposed well and also returns executed signature page to Joint Operating Agreement dated July 29, 1998.
September 18, 1998	Burlington advises all working interest (less Cross Timbers and Cheryl Potenziani) owners that it is Burlington's position that GLA-46 does not apply to this well. In this letter Burlington set out two participation options under which it would be willing to drill the proposed well if all parties elect under an option provided.
November 16, 1998	Energen Resources (as successor to Total Minatome) elects to participate under Option 2 as provided in Burlington's September 18, 1998, letter. Energen's letter further conditions their election to reflect that the terms of GLA-46 are still in effect.
January 5, 1999	NationsBank as agent for eight (8) working interest owners elects to participate under Option 2 as provided in Burlington's September 18, 1998, letter.
May 18, 1999	Burlington mails out new Joint Operating Agreement dated February 1, 1999, to all GLA-46 working interest owners and covering all lands included in GLA-46.
August 25, 1999	Burlington advises all working interest owners that it is withdrawing its offer to drill and complete the Brookhaven Com #8 under the participation options provided for in our September 18, 1998, letter.
September 15, 1999	Burlington re-proposes the Brookhaven Com #8 to all working interest owners under the same AFE originally provided under cover letter dated July 30, 1998. Joint Operating Agreement dated February 1, 1999, is again provided (originally mailed to all owners under cover letter dated May 18, 1999) to all working interest owners.
September 15, 1999	Burlington proposes the Brookhaven Com #9 (well number changed at a later date to the 8A).
September 27, 1999	Cheryl Potenziani elects to participate unconditionally in the proposed Brookhaven Com 8 and Brookhaven Com 9.
October 11, 1999	Energen Resources elects to participate in the Brookhaven Com 8 and Brookhaven Com 9 under the terms of GLA-46 agreement dated November 27, 1951.
October 13, 1999	Burlington mails a letter to Energen Resources acknowledging receipt of Energen's letter dated October 11, 1999, and advising Energen that it remains Burlington's assertion that GLA-46 does not govern the the drilling of additional wells on the subject acreage.
October 14, 1999	Westport Oil and Gas Company, Inc. elects to participate in the Brookhaven Com 8 and Brookhaven Com 9 under the terms of GLA-46 agreement dated November 27, 1951.
October 19, 1999	Cross Timbers Oil Company, as agent for Merchant Resources #1 L.P., elects to participate unconditionally in the Brookhaven Com 8 and Brookhaven Com 9.
October 26, 1999	Burlington advises all working interest owners in the Brookhaven Com 9 that the name has been changed from the Brookhaven Com 9 to the Brookhaven Com 8A.
October 26, 1999	Bank of America as agent for eight (8) working interest owners (see list of owners below) elects to be carried in the Brookhaven Com 8A under the terms of GLA-46 agreement dated November 27, 1951.

RE: 1998 New Drill AFE
Brookhaven Com #8 Well
Sec. 36, T27N, R8W
San Juan County, New Mexico

Dear Interest Owner:

Burlington Resources Oil & Gas Company, as operator, recommends the development of the referenced Mesaverde/Chacra dual well during 1998 at a gross estimated AFE cost of \$427,630.

The Mesaverde formation will have a W/2 dedication of 320.00 gross acres and the Chacra will have a NW/4 dedication of 160.00 acres. The proposed JOA will cover both zones.

The Brookhaven Com #8 well is an offset follow-up well to the Brookhaven Com #7A Mesaverde/Chacra dual well located in the SE/4 of Section 36, T27N, R8W and drilled in 1996. The well will be dually completed in the Chacra and Mesaverde (including both the Point Lookout and Menefee intervals) formations.

Enclosed for your review and approval are the AFE's and a Joint Operating Agreement (JOA). Your ownership in each zone is detailed on the Exhibit "A" of the JOA. Please indicate your approval to participate by executing a copy of this letter, attached AFE and signature page to the JOA.

Communitization Agreements for each zone are being forwarded to Total Minatome under separate cover for their execution, as they are the only Record Title owner other than Burlington.

If you have any questions regarding this proposal, you may contact me at (505) 599-4010.

Sincerely,

Shannon Nichols

c. Each of the parties reserves the right to receive in kind its respective share of oil, gas and/or other hydrocarbon substances, produced from said acreage, together with right, individually, to sell or direct the sale thereof for its benefit, and, in the event all parties here-to sell or dispose of their respective share of production to the same purchaser, each party hereto shall be entitled to receive directly from the purchaser thereof its respective share of the proceeds of sale of such production; subject, however, to repayment of drilling costs as provided herein. Any oil and/or gas used in drilling, operating or reworking wells on said acreage shall be considered as furnished equally by the parties hereto.

d. Out of the proceeds of sale of the net working interest production from each well, Brookhaven shall pay to San Juan one-half (1/2) of Brookhaven's share of such production (25% of net working interest) until Brookhaven has repaid to San Juan one-half (1/2) of the actual drilling costs of each such well, but production from one well shall not be used to repay drilling costs of another well. Brookhaven's share is further defined as follows:

1. Brookhaven's obligations to pay drilling costs upon a Mesa Verde well out of production shall not exceed Twenty-two Thousand Five Hundred Dollars (\$22,500.00), or one-half (1/2) the estimated cost of Forty-five Thousand Dollars (\$45,000.00) per Mesa Verde well. The drilling costs of each well shall include drilling, installation of casing, shooting or acidizing, installation of field separator, pipe line connections and separator, lease tanks on oil, tubing, production head, lease production lines,

pumping equipment, if necessary, and all other equipment and labor necessary for a completed well ready to produce; but shall not include casing, which shall be furnished by San Juan without reimbursement from Brookhaven. The attached Exhibit "C" governs the accounting procedures to be followed by the parties in accounting for drilling and operating costs.

2. In the event any well be drilled upon said acreage to a greater or lesser depth than a Mesa Verde well, the drilling costs (except casing to be furnished by San Juan) to be paid out of production by Brookhaven shall be determined proportionately with the parties agreeing upon a maximum cost comparable to the maximum cost of a Mesa Verde well, as defined in Section 5dl above.

e. San Juan agrees to maintain any producing well so as to obtain maximum production therefrom in accordance with the best recognized procedure in the industry. All costs of operating and reworking wells shall be paid equally by the parties; provided that San Juan shall consult with and obtain consent of Brookhaven before incurring any job expenditure in excess of Five Hundred Dollars (\$500.00).

f. Except as herein expressly provided, San Juan shall pay all of the costs of drilling and equipping said wells without any liability or responsibility on the part of Brookhaven.

6. Abandonment of Wells. In the event San Juan desires to abandon any drilling or producing well, San Juan shall notify Brookhaven of such desire, and Brookhaven shall thereafter have a period of ten (10) days in which to take over said well and pay San Juan the salvage value

RE: Brookhaven Com #8 Well
W/2 Section 36-27N-8W
San Juan County, NM

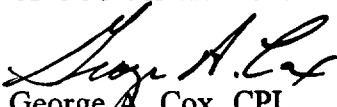

Dear Shannon:

Cross Timbers Oil Company (CTOC) hereby elects to join in the drilling of the above captioned well. As we have discussed, CTOC request that the cost be properly allocated to the formations according to the interest owned in those formations. CTOC is executing your AFE for the above captioned well with the understanding that the actual charges will be properly allocated between the Mesaverde formation and the Chacra when the actual billing is prepared.

In this regard, I have enclosed a copy of your AFE's for the Mesaverde and Chacra formation and your letter dated July 30, 1998 that have been executed by Mr. Ed Jones on behalf of CTOC. I have also enclosed a copy of our well requirement list as well as a signature page to the JOA dated July 29, 1998. Please also be advised that Cross Timbers maintains its own operators extra expense insurance, therefore, we should not be billed for any coverage offered to the joint account.

Should you have any questions, or need anything further, please feel free to contact me at (817) 870-8454.

Sincerely,
CROSS TIMBERS OIL COMPANY

Non-Operating Working Interest Owners
(see attached list)

Re: Brookhaven Com #8
Section 36, T27N, R8W
San Juan County, NM

Gentlemen:

Under cover letter dated July 30, 1998, Burlington mailed our Authority for Expenditure and a modern form Joint Operating Agreement soliciting your approval and participation in the drilling of the referenced well as a dually completed Mesaverde/Chacra well. We have received a number of responses electing to participate under the terms and conditions of that certain Operating Agreement dated November 27, 1951 (GLA-46). It is Burlington's position that the provisions of GLA-46 do not apply to this well inasmuch as the drilling obligations, terms and conditions of GLA-46 were satisfied with the drilling of the initial eighteen (18) wells on GLA-46 lands as set out in the agreement.

It is our position that there are two options available for the drilling and development of the referenced well. Each option is identified below.

- Option 1: Enter into a modern form Joint Operating Agreement (JOA) and either participate or non-consent under the terms of the JOA.
- Option 2: Burlington will voluntarily carry your drilling, completing and equipping costs in the referenced well. Burlington will recoup 100% of its costs associated with the carried interests with recoupment occurring from 100% of the revenue stream associated with the carried interests. Upon payout, each carried party will be credited with its full interest in the well and will be subject to its proportionate share of all lease operating expenses and charges to the joint account. Burlington will be authorized to charge overhead on a fixed rate basis as follows:
- Drilling Well Rate: \$4,063.77 per month (prorated)
 - Producing Well Rate: \$474.13 per month
- The expenditure limit without partner approval will be \$25,000.00.

It is Burlington's desire to drill this well if all parties can reach a mutually acceptable agreement. To drill this well, we must have fair and equitable terms for all parties participating in the well. Burlington is willing to drill the well if all parties agree to participate in the well either under Option 1 or 2 as set out above.

Brookhaven Com #8
September 18, 1998
Page 2

Burlington's preference would be for all parties to negotiate a fair and equitable modern form Joint Operating Agreement (JOA) and participate or non-consent under that JOA.

Thank you for your cooperation and consideration in this matter. Your prompt response to our request would be greatly appreciated. Any questions may be directed to the undersigned at (505) 599-4010.

Sincerely,

Shannon Nichols

Brookhaven Com #8
Sec.36-T27N-R8W
San Juan County, New Mexico

Dear Shannon:

Reference is made to your letter dated September 18, 1998 requesting Energen Resources Corporation support the drilling of the captioned well by electing one of two options specifically set out therein.

We have reviewed your proposal and are returning a copy of the same, which has been executed on behalf of Energen subject to the understanding that Energen's election is as to the Brookhaven Com #8 well only. Further, Energen's election is done as an accommodation to Burlington Resources Corporation to allow the subject well to be drilled and that such election shall not be misconstrued as agreement, by Energen, that provisions of GLA-46 do not apply to the subject well. Rather, Energen specifically declares that GLA-46 will continue to apply to all future exploration or development efforts without limitation as to depth, interval or formation.

This election shall remain valid until March 31, 1999.

Thank you for your consideration in this matter. If there should be any questions, please contact me (325-6800)

Sincerely,

Rich Corcoran

SAN JUAN DIVISION

May 18, 1999

GLA-46 Working Interest Owners
(detailed on attached sheet)

RE: Proposed Operating Agreement
Dated February 1, 1999
San Juan County, New Mexico

Ladies and Gentlemen:

Enclosed for your review and execution is a new Joint Operating Agreement dated February 1, 1999 which is intended to replace the original Farmout Agreement Contract dated November 27, 1951 by and between Brookhaven Oil Company and San Juan Production Company. Said Contract and amendments thereto, are hereinafter referred to as "Agreement". Burlington feels the Agreement is inadequate in terms of cost allocations between parties, the contractual right to develop and does not provide for a mutually agreeable solution for development of new wells. Burlington, as Operator under the Agreement, is desirous of drilling five (5) Mesaverde infill wells involving lands subject to the Agreement.

As you are aware, Burlington believes that this Agreement provides for the drilling of eighteen (18) Mesaverde wells, four per year, which obligation Burlington's predecessor long ago satisfied. Burlington's predecessor upon satisfaction of the earning provision of the Agreement, earned an assignment covering an undivided fifty percent interest in the contract lands as to all depths. In essence any new well proposed must be handled by amendment or by mutual agreement of the parties. We currently have five Mesaverde infill wells proposed to various Agreement owners who wish to be carried under the original earning provision (it is Burlington's position that this provision applies by mutual agreement only) and allows the non-operators to be carried by Burlington. Burlington would then retain (50%) of production and recovering 100% of the non-operators share of costs (based upon mutually acceptable authority for expenditure) out of 50% of the non-operators share of production without any penalty. Burlington is unwilling to accommodate the non-operators under the original earning provision due to simple economics. This new Operating Agreement allows for the future development of Agreement lands in an orderly fashion and on a fair and equitable basis.

It is our hope that the owners under the Agreement recognize the economic, mechanical and reservoir risks involved in drilling wells in the San Juan Basin and also recognize the value of developing these lands to add additional reserves to replace the old or depleting production. If, for some reason you decide not to pursue the development of these properties in an economic manner for all concerned parties please consider selling your interest to Burlington. Please let us know of your desire to sell and we will furnish you

GLA-46
May 18, 1999
Page 2.

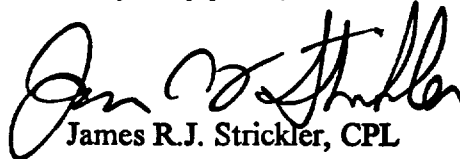

with a fair and reasonable offer. Absent your approval of the new Joint Operating Agreement, Burlington is left with two options on handling future wells proposed on these properties (1) cancel the projects; (2) Force Pool the interest at the New Mexico Oil & Gas Commission, which is a costly and time consuming process for all concerned.

For your information, please be advised that Burlington and Amoco Production Company have executed the proposed Joint Operating Agreement, which accounts for approximately 78% of the Agreement owners.

Please review the proposed Joint Operating Agreement fully and offer any comments or suggestions to me at your earliest convenience. If everything meets with your approval please sign and return the signature page to the undersigned within thirty (30) days of your receipt.

Thank you very much for your consideration and if you should have any questions please call me at (505) 326-9756.

Very truly yours,

A handwritten signature in black ink, appearing to read "James R.J. Strickler".

Re: Brookhaven Com #8
Section 36, T27N, R8W
San Juan County, NM

Gentlemen:

Under cover letter dated July 30, 1998, Burlington mailed our Authority for Expenditure and a modern form Joint Operating Agreement soliciting your approval and participation in the drilling of the referenced well. Two parties executed our proposed Joint Operating Agreement and elected to join in the drilling of the well. All other parties declined to execute the Joint Operating Agreement.

In a second attempt to solicit partner participation in this well, Burlington mailed a letter dated September 18, 1998, requesting a participation election based on options outlined in that letter. In said letter, Burlington indicated its willingness to drill the referenced well if all parties elected to join in the well under the options provided for in the letter. We did not receive an election from all parties owning a working interest in the well. As such, this letter is to advise that **Burlington hereby withdraws its offer to drill and complete the referenced well under the participation options outlined in our letter dated September 18, 1998.**

In the near future, Burlington is planning to mail another Joint Operating Agreement covering the proration unit for this well and other lands previously subject to GLA-46. We respectfully request your review and execution of the new Joint Operating Agreement. Upon execution of the new Joint Operating Agreement, Burlington will move forward with its plans to drill the referenced well. Absent your execution of the new Joint Operating Agreement, Burlington will initiate force pooling procedures on this and other well proposals.

Any questions may be directed to the undersigned at (505) 599-4010.

Sincerely,

Shannon Nichols
Petroleum Landman

RE: SECOND REQUEST-NEW DRILL PROPOSAL

Brookhaven Com #8 (Mesaverde/Chacra Dual Completion)
NE NW Sec. 36, T27N, R8W (W/2 Mesaverde Unit & NW/4 Chacra Unit)
San Juan County, New Mexico

Ladies and Gentlemen:

Burlington Resources Oil & Gas Company proposes the drilling and completion of the referenced Mesaverde/Chacra dual completion (proposed depth: 4,850'), which was originally proposed on July 30, 1998. This project has a total estimated cost of \$427,630. Each parties working interest in each proposed formation is identified in the table below.

Working Interest Owner	MV Ownership %	CH Ownership %
Burlington Resources Oil & Gas Company	63.427118	51.324453
Cross Timbers Oil Company	1.5625	3.125
Cheryl Potenziani	0.926703	1.323861
Energen Resources Corporation	15.049651	18.419144
Westport Oil & Gas Company	6.761437	8.27267
Carolyn Sedberry	1.78502	2.683575
Roger Nielsen	1.78502	2.683575
C. Fred Luthy Jr.	1.53198	2.647426
Cyrene L. Inman	1.53198	2.647426
FA & HB Cronican Rev Trust	1.52185	1.503122
William C. Briggs	0.38940	1.341343
Herbert R. Briggs	0.39562	1.34232
Marcia Berger	0.39252	1.34788
WWR Enterprises	0.39252	1.34788

The blanket operating agreement dated February 1, 1999, proposed on May 18, 1999 is enclosed for your review and approval. Please let us know if you wish to limit this Operating Agreement to the subject drill block lands. A revised Exhibit "A" shall be forwarded to you upon request.

Please indicate your approval of the above well proposal by signing and returning a copy of this letter ballot, AFE, and one (1) executed signature page for the Operating Agreement dated February 1, 1999, on or September 30, 1999. If you should have any questions concerning our proposal, please call me at (505) 599-4010.

Sincerely,

Shannon Nichols

RE: **SECOND REQUEST-NEW DRILL PROPOSAL**
Brookhaven Com #8 (Mesaverde/Chacra Dual Completion)
NE NW Sec. 36, T27N, R8W (W/2 Mesaverde Unit & NW/4 Chacra Unit)
San Juan County, New Mexico

Ladies and Gentlemen:

Burlington Resources Oil & Gas Company proposes the drilling and completion of the referenced Mesaverde/Chacra dual completion (proposed depth: 4,850'), which was originally proposed on July 30, 1998. This project has a total estimated cost of \$427,630. Each parties working interest in each proposed formation is identified in the table below.

Working Interest Owner	MV Ownership %	CH Ownership %
Burlington Resources Oil & Gas Company	63.427118	51.324453
Cross Timbers Oil Company	1.5625	3.125
Cheryl Potetziani	0.926703	1.323861
Energen Resources Corporation	15.049651	18.419144
Westport Oil & Gas Company	6.761437	8.275267
Carolyn Seaberry	1.878502	2.683575
Roger Nielsen	1.878502	2.683575
C. Fred Luthy Jr.	1.853198	2.647426
Cyrene L. Inman	1.853198	2.647426
FA & HB Cronican Rev Trust	1.052185	1.503122
William C. Briggs	0.938940	1.341343

RE: Drilling AFEs
Brookhaven Com #9
Brookhaven Com #8
Brookhaven Com B #3B
San Juan County, New Mexico

Dear James:

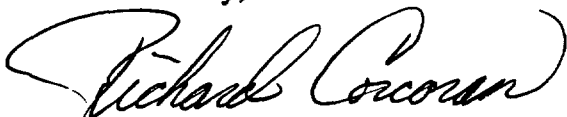

Reference is made to three drilling proposals each dated September 15, 1999, which provide for the drilling of the Brookhaven Com #9, Brookhaven Com #8, and the Brookhaven Com B #3B wells.

Energen Resources Corporation (Energen) has tentatively scheduled a meeting with Burlington Resources for October 18, 1999 to discuss the status of GLA-46. Until an agreement that changes or eliminates the terms of GLA-46 has been reached, Energen will continue to honor the provisions of said agreement.

This is to confirm that Energen Resources Corporation hereby elects to join in drilling the three wells in question under the terms of GLA-46, dated November 27, 1951, as amended.

Thank you for your consideration in this matter. We look forward to resolving the issues surrounding GLA-46.

Sincerely,

Richard Corcoran

Mr. Richard P. Corcoran
Energen Resources Corporation
2198 Bloomfield Highway
Farmington, NM 87401

Re: Drilling AFE's
Brookhaven Com #8
Brookhaven Com #9
Brookhaven Com."B" #3B

Dear Rich:

Burlington Oil & Gas Company ("Burlington") has received Energen Resources' ("Energen") transmittal letter of October 11, 1999, advising that Energen elects to "join" in the drilling of the captioned wells under the terms of GLA-46. As previously communicated, Burlington asserts that GLA-46 does not govern the drilling of additional new wells on the subject acreage. The terms of the GLA are so onerous, we would be forced to cancel the wells on economic grounds.

Burlington's meeting with Energen, currently scheduled for Tuesday, October 19, 1999, will be of benefit only if Energen acknowledges that the offered election actually kills the drilling of these three wells. Obviously, Burlington and Energen have much to discuss next week. However, to expedite a final resolution of the issues surrounding GLA-46, Burlington will immediately seek to force pool Energen's interest in the three captioned wells before the New Mexico Oil Conservation Division

Respectfully,

John F. Zent, Land Manager

**RE: AFE's
Brookhaven Com #8
Brookhaven Com B#3B
Brookhaven Com #9
San Juan County, New Mexico**

Dear Mr. Strickler:

Westport Oil and Gas Company, Inc. (Westport) is in receipt of AFE's covering the drilling and completion of the three (3) referenced wells. Please be advised that Westport would participate in the drilling of these wells but we believe the operative agreement to be the GLA-46 agreement dated November 27, 1951 by and between Brookhaven Oil Company and San Juan Production Company. As you know the Farmout Agreement caps the amount of expenditures which can be billed to Westport.

Should you have a different interpretation of this agreement please let me know.

Very truly yours,

David R. Dix
Land Manager

RE: Notice of Well Name Change
Brookhaven Com #8A (Mesaverde/Chacra Dual Completion)
NE SW Sec. 36, T27N, R8W (W/2 Mesaverde Unit & SW/4 Chacra Unit)
San Juan County, New Mexico
Originally named the Brookhaven Com #9

Ladies and Gentlemen:

By letter dated September 15, 1999, Burlington Resources Oil & Gas Company proposed the drilling and completion of the referenced well (identified under said letter as the Brookhaven Com #9) as a Mesaverde/Chacra dual completion. This letter shall serve as notice that the well name for Burlington's September 15, 1999, proposal has been changed from the Brookhaven Com #9 to the Brookhaven Com #8A. The name change has been done to comply with NMOCD naming convention. Except for the well name change, all other terms and conditions of Burlington's September 15, 1999, proposal remain unchanged.

When returning the September 15, 1999, letter indicating your participation election in the well proposal, please simply mark through the incorrect well name and replace it with the correct well name. If you have already returned said letter indicating your election, be advised that we will note the correct well name on your election ballot.

Again, this letter shall serve as notice that the well name (Brookhaven Com #9) contained in our September 15, 1999, proposal has been changed to the Brookhaven Com #8A. Except for the well name change, all other terms and conditions of Burlington's September 15, 1999, proposal remain unchanged.

Any questions may be directed to the undersigned at 505 599-4010.

Sincerely,

Shannon Nichols
