

El Paso NATURAL GAS
COMPANY

Memorandum

TO: Mr. Don Wadsworth

DATE: July 14, 1976

FROM: D. C. Cowart

PLACE: Lease Development Sec.
Controller Department

GLA 46

In accordance with our recent understanding concerning the maximum amounts chargeable to Brookhaven and Amoco under terms of the contract between Brookhaven Oil Company and El Paso (successor to San Juan Production Company) dated November 27, 1951, we are billing the Brookhaven Com. A No. 2A PC-MV dually completed well on the maximum for each formation. You will recall that there is no agreement for a maximum amount for this dual completion and we agree to bill on the basis of two separate wells.

We do understand that future negotiations with Brookhaven may render this decision invalid at which time it may be necessary to rebill, based upon the results of the renegotiation.

yes
