SINGLE WELL CASH BOND

Know all men by these presents that A.P.A. Development Inc.
(an individual) (a partnership) (a corporation organized
in the State of Colorado with its principal office at P.O. Box 215
in the city of Cortez, State of Colorado
and authorized to do business in the State of New Mexico) is held and firmly bound to
the Oil Conservation Division of the State of New Mexico (or its successor agency) in
the sum of \$7,500.00 (Seven Thousand, Five Hundred Dollars), lawful money of
the United States.

THE CONDITIONS OF THIS OBLIGATION ARE SUCH THAT:

The above applicant/operator desires to drill a well or purchase or operate an
existing well, the depth of which does not exceed 10,000 feet, to
prospect for and produce oil, gas, or carbon dioxide resources on land owned by
private individuals or the State of New Mexico, the particular identification and
footage location of said well being as follows: 990 feet FSL and 500 feet FWL
in Section 10, Township
21N, Range 10W, NMPM. San Juan County, New Mexico.

The applicant has deposited on behalf of the Division \$ 7,500.00, in the manner
indicated on the attachment to this bond being the principal sum intended to be
secured. Applicant pledges this sum as a guarantee that it, its executors, assigns,
heirs or administrators shall plug the well described above if dry, or when abandoned,
in accordance with the rules and orders of the Oil Conservation Division of the State
of New Mexico in such way as to confine the oil, gas, and water in the strata in which
they are found, and to prevent same from escaping to other strata. If the applicant
does not so properly plug and abandon said well upon order of the Division, the total
sum of the bond shall be forfeited to the Division, and such amount as is necessary
may be used to properly plug said well. If the principal sum of this bond is less
than the actual cost incurred by the Division in plugging said well, the applicant,
its successors, assigns, heirs or administrators shall be liable under the provisions
of Section 70-2-38 NMSA (1978) of the Oil and Gas Act, and the Division may take
action, including the filing of legal proceedings, to recover any amounts expended
over and above the principal sum of the bond.

NOW THEREFORE, if the above applicant or its successors, assigns, heirs, or
administrators or any of them shall plug the above-described well when dry or
abandoned, in accordance with the rules, regulations, and orders of the Division, in
such a manner as to confine the oil, gas, and water in the strata in which they
naturally occur, and to prevent them from escaping into other strata, and further to
clean up the surface location of said well, then therefore, this obligation shall be
null and void and the principal sum shall be paid to the applicant, or its successors,
heirs, or administrator, otherwise it shall remain in full force and effect.
