Mike,

This well was recently completed in the Wolfcamp and from their completion report this well is classified as an oil well. I cannot find an approved NSL. As you can see there was a NSL from Joe Ramey that approved the Weems, but did not specify formations.

Do you have a copy of their original application?

Do they need to re-apply for a non-standard location?

Thanks, Bryan

**Santa Fe Energy Resources, Inc.**  
**c/o James Bruce**  
**P. O. Box 1056**  
**Santa Fe, New Mexico 87504**

**RE:** *Administrative application of Santa Fe Energy Resources, Inc of an unorthodox oil well location for the Weems Well No. 1 (API No. 30-015-24827) located 990 feet from the North line and 1330 feet from the West line (Unit C) of Section 27, Township 22 South, Range 27 East, NMPM, Undesignated Wye-Delaware Pool, Eddy County, New Mexico.*

Dear Mr. Bruce:

The attached application, originally filed on April 24, 1997, has been pending further instructions from you since August 29, 1997. To date I have not heard from you in this matter, I am therefore assuming that Santa Fe Energy Resources, Inc. is no longer interested in recompleting this well from the Morrow interval into the Delaware formation. This application is hereby withdrawn and is being returned to you.

Sincerely,

Michael E. Stogner  
Chief Hearing Officer/Engineer

Attention: Mike Burton

Administrative Order NSL-1798

Gentlemen:

Reference is made to your application for a non-standard location for your Weems Well No. 1 to be located 990 feet from the North line and 1330 feet from the West line of Section 27, Township 22 South, Range 27 East, Eddy County, New Mexico.

By authority granted me under the provisions of Rule 104 FI of the Division Rules and Regulations, the above-described unorthodox location is hereby approved.

Sincerely,

Handwritten signature of Joe D. Ramey in cursive script.

JOE D. RAMEY,  
Director
