***Re: Application of EOG Resources, Inc. for compulsory pooling, Eddy
County, New Mexico.***

Ladies and Gentlemen:

This letter is to advise you that EOG Resources, Inc. has filed the enclosed application with the New Mexico Oil Conservation Division seeking the compulsory pooling of certain spacing and proration units in the E/2 of Section 33, Township 16 South, Range 28 East, NMPM, Eddy County, New Mexico. Said units will be dedicated to EOG Resources, Inc. proposed Zephyr "33" State Com Well No. 1 which it proposed to drill at a standard location SE/4 SE/4 of said Section 33 to test all formations from the surface to the top of the Mississippian formation.

A drilling rig is available to commence the Zephyr well and EOG Resources, Inc. must proceed with a compulsory pooling application to assure that all interests are committed to this well. You have previously received a Joint Operating Agreement from EOG. When you execute and return this agreement to EOG, you will be dismissed from the pooling application.

April 12, 2000

This application has been set for hearing before a Division Examiner on May 4, 2000. You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Parties appearing in cases have been requested by the Division (Memorandum 2-90) to file a Prehearing Statement substantially in the form prescribed by the Division. Prehearing statements should be filed by 4:00 o'clock p.m. on the Friday before a scheduled hearing.
